PRICE TEN CENTS

A U.S. NAVY landing craft pushes a barge laden with wreckage of the B52 bomber that crashed near Palomares, Spain, after colliding with a tanker plane, as search continued last Saturday for one of four nuclear devices still missing from the plane. The Defense Department said in Washington that two nuclear bombs were blown apart by conventional explosive devices in the crash, but that there was no nuclear explosion. Wreckage on the barge was picked up on the beach and recovered from the sea. (AP Wirephoto by cable from London)

H-Bomb Burst In Spain Slight Hazard To 2,000

WASHINGTON (AP) — Officials said today diplomatic courtesy kept the United States silent on the biggest nonsecret in years — the loss of a hydrogen bomb over Spain.

"We couldn't say anything officially until Spain made a move," one authority said.

Spain made a move Tuesday, announcing that 2,000 persons had been exposed to a slight danger of radiation after a U.S. F32 bomber and KC135 tanker crashed after colliding in flight Jan. 17 near Palomares, Spain.

The United States followed up Wednesday with the first official acknowledgment of four thermonuclear weapons were aboard the B52 when it crashed near the Mediterranean coast.

A Defense Department spokesman described the weapons as thermonuclear and a reporter

feet deep. Radioactivity-gauging devices can penetrate only a few inches of the mud.

While there was no thermonuclear blast, the megatonnage was felt in international circles.

The Spanish minister of information demanded an end to flights over Spanish territory by U.S. planes carrying nuclear weapons.

The Soviet Union charged that the United States had caused widespread radioactive contamination and violated the nuclear test ban treaty.

The United States got tight-lipped.

The reason for U.S. silence, a high official said, was to comply with Spain's desire for no public comment on the matter.

"With Spain perhaps threatening us to remove our air bases, we couldn't very well go against her wishes," this official said. "The fact of the matter is, we've had a statement ready to be released by the U.S. Embassy in Spain for the last two weeks."

One version of the situation as explained by some officials is that military security was the overriding factor in the first few days after the crash. The United States did not want top secret materials to fall into the hands of the enemy.

At this time, too, officials felt the missing fourth bomb would be found shortly and a public statement could be made.

As the search developed, the story goes, United States officials began to see a need to make a clean breast of things in view of widespread press reports that nuclear armament was involved.

Spain, nevertheless, stood fast for no public statement.

The refusal is attributed to several factors: Spain has an authoritarian government.

Spain did not want to alarm the somewhat backward folk of village areas where the crash occurred. Spain did not want the United States to announce something that involved Spanish territory.

U.S. officials acquiesced.

Overhaul Asked In Labor Dept.

LANSING (AP) — Overhaul of the State Labor Department—including stripping the governor of his power to appoint its director—was proposed today.

"We don't pretend we now have all the answers," said Sen. Sander Levin, D-Berkley.

"However, these bills, representing the very best thinking available, will help solve the majority of tragic shortcomings which have plagued Michigan's Labor Department."

In the government reorganization compromise of 1965, Democrats agreed to a Labor Department under a director appointed by the governor. Gov. George Romney named former MESC Director Thomas Roumell to the post, but he still is awaiting Senate confirmation.

The commission would continue to be bipartisan. Its present members are Democrats Walter A. Campbell of Muskegon and Alexander Fuller of Detroit, and Republicans George Higgins of Ferndale and Chester A. Cahn of Birmingham.

Higgins' term ran out Jan. 8, but Democrats rejected Romney's replacement appointee, claiming Higgins was doing a good job and should be reappointed. Romney contends the Democrats control Higgins, who opposed the governor in the 1964 Republican gubernatorial primary.

State Troopers Richard Mueller and Charles Morris stopped the three men in Gilroy's car at Union Lake in Wednesday's predawn because one headlight was not lit.

When troopers discovered a 22-caliber rifle and a 12-gauge shotgun in the car, they arrested all three. Further investigation disclosed identities.

Seymour, serving 10 to 25 years for armed robbery, and Laesser, one and a half to two years for attempted larceny, walked away from trusty jobs outside Southern Michigan Prison at Jackson Tuesday.

Auto Makers Agree To LBJ Safety Plan

DETROIT (AP) — Auto industry leaders breathed a sigh of relief today after getting their first look at President Johnson's long-awaited traffic safety program.

"This is a reasonable proposal and we can live with it," said one industry source. He, along with others in the industry who discussed the program, declined use of his name.

The President's 17-page proposal sent to Congress Wednesday called for a \$700-million, six-year program to arrest what he called "carnage on the highways."

Top brass from all four major U.S. automakers attended a Washington briefing session held by John T. Conner, secretary of commerce, Wednesday in advance of public announcement of the Johnson message.

Among them were James Roche, president of General Motors; Lynn A. Townsend, president of Chrysler; Richard E. Cross, chairman of American Motors and John A. Bugas, vice president of Ford Motor Co.

The auto industry had known for several months that President Johnson, concerned over the nation's 49,000 traffic fatalities last year, was going to add his voice to the cause of auto safety.

Feared Controls

Some industry leaders had expressed fears federal intervention in the safety program would result in government controls of the auto business.

GM President Roche, for example, said recently: "Regulation would have a severe and adverse effect on our business. It would substitute rigidity for flexibility, bureaucratic approval for public approval."

After a first look at the Johnson proposals, however, the industry indicated it found nothing major on which it would disagree with the President.

One official commented: "It looks like the body of the proposal is reasonable and one which the industry would be hard put to defeat or defy. I would assume it would be difficult for us to oppose the legislation as I understand it."

In brief, the Johnson message called for:

—An authorization, but not a requirement, to the secretary of commerce to determine safety criteria for all vehicles.

—An increase in federal grants to states for highway safety projects.

—An expansion of the federal government's highway safety research efforts, including a national highway safety research and test center.

Industry sources, who had repeatedly expressed hopes that they would be allowed to work out safety problems without federal interference, were cheered by the timetable set up in the Johnson message.

This provided that if the industry does not adopt voluntary safety standards for motor vehicles within two years after the secretary of commerce has suggested them, the secretary then could prescribe mandatory standards which would take effect two years later.

Cardinal Dies

NAPLES, Italy (AP) — Alfonso Cardinal Castaldo, 75, Roman Catholic archbishop of Naples, died today of a kidney ailment. The cardinal had been ill for weeks and fell into a coma Wednesday night.

McNamara Admits US Failures In Viet War

Need To Devise New Methods, Says Secretary

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara acknowledges that some concepts and methods forged by him and his experts have failed to meet the test of the Viet Nam war.

This is a rare admission by the Pentagon chief who normally wears an air of total self-assurance.

"We have to develop new methods to meet problems for which we had old answers," McNamara told a news conference Wednesday. "Old answers were not applying."

"These new methods do require changes in procedures, changes in policies, changes in habits and thought."

The defense secretary did not specify what problem areas he was dealing with.

However, some of his associates said that the concept of using Reservists in crises had undergone a drastic change.

It was apparent that the current intention to deal with the rising manpower demands of the Viet Nam war without calling up Reservists stemmed from a desire to avoid creating turbulence in U.S. civilian life and the economy, as well as from the growth of the regular forces available and planned.

Not Overextended

McNamara's news conference was called to put to rest any idea that the United States has overextended itself in Southeast Asia and has left itself vulnerable in other areas of the world.

McNamara showed unusual irritation in a couple of instances.

He tangled with reporter Clark Mollenhoff when Mollenhoff persisted in quizzing him about the critical views of Sen. John C. Stennis, D-Miss.

In a bitter exchange, Mollenhoff accused McNamara of dodging and the defense secretary snapped "I unfortunately haven't been able to dodge all the rocks you have thrown at me for five years."

Mollenhoff, of the Cowles Publications, has written articles questioning, among other things, McNamara's actions in the matter of the TFX fighter plane contract.

Mollenhoff wasn't the only reporter to draw McNamara's irritation.

German Gets Retort

A German newsmen triggered a sharp response from the defense secretary when he suggested that "the best-trained, best-equipped and most mobile American units have been absorbed by the Viet Nam crisis."

Detecting an accent, McNamara demanded to know "Where are you from?"

When the reporter replied "from Germany," the defense secretary said:

"It is absolutely not true and you are the first that ought to know it. I am sick and tired of having implications made that we have drawn down the forces

SECRETARY OF Defense Robert McNamara told reporters Wednesday "We are capable of meeting our commitments elsewhere in the world" even with about 300,000 fighting men in Southeast Asia. In a Pentagon news conference he said "far from overextending ourselves, we have actually strengthened our military position." (AP Wirephoto)

Upper Lake Economic Region Official Today

WASHINGTON (AP) — The proper branches of the federal government must be brought to bear. But the regional commission itself must have some kind of independence from both levels if it is to operate satisfactorily.

Establish Commission

"This kind of economic federalism, with which Washington can sit in a regional organization without sitting on it, is important to the future of federal-state relationships and will contribute to the success of this regional development effort."

The regional commission, Romney said, must stay in close contact with local authorities and local organizations.

"It must be alert to the desires of the people of the region," he emphasized.

The papers creating the economic development region also were to be signed by Govs. Karl F. Rolvaag of Minnesota and Warren P. Knowles of Wisconsin.

Some 80 counties in the three states, in general the northern sections of each, are included in the region. Much of the area is cut-over land and otherwise in need of assistance to aid the economy.

During the past two days similar designations were given to the six New England states and the Ozarks, which include Arkansas, Missouri and Oklahoma.

The areas were designated economic development regions under a 1965 act providing for assistance to these sections which have lagged behind the nation's growth.

The governors were invited to the meeting to concur in the designation of the region and will be asked to establish a regional commission to carry out the program.

Romney Present

When the commission is established it will be eligible for federal funds for planning and administrative purposes. It will include representatives of Minnesota, Wisconsin and Michigan, who will elect a co-chairman. A federal co-chairman will be named by the President with the consent of the Senate.

Eugene P. Foley, assistant secretary of commerce for economic development, is in charge of the new program. He has said the most effective means a commission can use to further its plans for the region will be to see that it obtains maximum assistance from existing federal and other programs.

Romney planned to attend a breakfast meeting with Republican members of the Michigan Congressional delegation prior to going to the meeting in Connor's office.

Beauty Adviser Faces Court On Shooting Charge

MUSKEGON HEIGHTS (AP) — Mrs. Leona Mosler, 46, a Spring Lake fashion and beauty consultant, faces circuit court arraignment Monday on charges of attempted murder and assault on her husband and another woman.

She was bound over Wednesday but was released under \$3,000 bond after examination on the charges before Muskegon Heights Municipal Judge Matthew C. Locke.

The defendant is accused in the gunshot wounding Jan. 1 of her husband, Lawrence, 49, and Mrs. Eleanor Anderson, 43. Police said the shooting took place at Mrs. Anderson's home in Muskegon Heights. Mrs. Mosler was arrested at her own residence about one hour later.

Mrs. Anderson remains partially paralyzed as a result of a pellet wound of the back. She testified Wednesday in a room at Hackley Hospital. Mosler has recovered from his wound.

Cong Buildup Of Troops To Peak This Year

WASHINGTON (OP) — Secretary of Defense Robert S. McNamara told worried senators today that he expects the enemy troop buildup to reach its height in Viet Nam at the end of this year.

Basing his assessment largely on estimates of how big a force the Communists can keep supplied in the face of U.S. air opposition, McNamara used it as a major factor for this conclusion.

"I do not believe that we are facing in Viet Nam an unlimited, open-ended commitment to a major land war in Asia."

McNamara appeared at a closed session to answer questions of the Senate Foreign Relations Committee whose probe of administration Southeast Asian policy has been the storm center of debate.

McNamara addressed himself to some of the questions that have been raised in the committee's previous public hearings—such as whether the Vietnamese conflict could spread into a war with China.

McNamara told the committee the United States has done everything possible militarily and diplomatically "to make it unmistakably clear that there is no justification for Communist China to involve itself in the war in Viet Nam."

But he said that given the history of militant actions by Communist China "it would be irresponsible for me to say that we run no risk of war with China arising from our efforts to defend South Viet Nam from aggression."

One task facing McNamara was a defense of his own announcement Wednesday of a new 20,000-man increase in U.S. fighting forces in Viet Nam.

McNamara was expected to be called upon to support Vice President Hubert H. Humphrey's assertion Wednesday night that the "tide has begun to turn in our favor" in the effort to halt Viet Cong aggression and to bolster the South Vietnamese economy.

One of the pressing questions at a closed meeting of the Senate Foreign Relations Committee appeared likely to revolve around why—with 215,000 Americans already committed to the struggle—the Communists still are able to call the turn on the escalation of hostilities.

McNamara told a news conference Wednesday that if need be the American manpower commitment in Viet Nam could be boosted to 350,000 without ordering Reservists to active duty.

Forces Capable

The defense chief said that although there are now about 300,000 U.S. servicemen in Southeast Asia, American fighting forces are "fully capable of meeting our commitments" around the world.

McNamara's announcement that another 20,000 men will be sent to Viet Nam came only five days after President Johnson told a news conference: "We do not have on my desk at the moment any unfilled requests" from Gen. William C. Westmoreland, U.S. commander in South Viet Nam, for more men.

McNamara did not say when the additional 20,000 men will be sent into Viet Nam.

Humphrey told an American Legion legislative dinner Wednesday night that President Johnson is following a middle course between quitting South Viet Nam and resorting to "massive escalation and violence" to win there.

The vice president drove home, as he had in a three-hour session with senators previously, that the President is unwilling at this point to recognize the Communist Viet Cong as a "separate entity"—as Sen. Robert F. Kennedy, D-N.Y., proposed—at any negotiation table that may materialize.

Humphrey said that the Viet Cong, and its political front, the National Liberation Front, are the creatures of Hanoi. He pictures the Viet Nam conflict as only a part of the power struggle to save Asia from communism.

He had, he said, a "rewarding experience" answering the questions of senators about equally divided between critics and supporters of Johnson's conduct of the war.

Today's Chuckle

An old farmer, asked why he had never married, explained: "Well, I'd rather go through life wanting something I didn't have than having something I didn't want."

Sea Is Safe

The U. S. and Spanish governments are going to cooperate in a demonstration that the missing bomb didn't contaminate the Mediterranean. Angier Biddle Duke, the U. S. ambassador to Spain, and Spanish tourism minister Manuel Fraga Iribarne are going swimming off Palomares Beach. Both will take their sons along.

asked if that meant hydrogen bombs. The answer was "yes."

The conventional explosives surrounding the critical core of the hydrogen devices blew apart two of the bombs upon impact with the earth, a Defense Department spokesman said. There was no nuclear chain reaction.

A third bomb was found apparently virtually intact.

One Missing

The fourth remains missing—the object of an intensive search by 20 U.S. Navy ships, thousands of U.S. and Spanish military and civilian personnel and hurried officials at the Pentagon and State Department.

One of the guesses is that the bomb is sunk in the muck of the Mediterranean, perhaps 1,000

Faulty Lights Foil Escapers

PONTIAC (AP) — Because only one of a car's headlights was lit, two escaped convicts were back in prison today and a third man is accused of parole violation.

John Seymour, 28, of Grand Rapids, and Alan Laesser, 25, of Melvindale, were back in prison—and facing new charges which might extend their stay. Held for alleged transportation of stolen guns and parole violation was Gerald Gilroy, 24, of Roseville.

State Troopers Richard Mueller and Charles Morris stopped the three men in Gilroy's car at Union Lake in Wednesday's predawn because one headlight was not lit.

When troopers discovered a 22-caliber rifle and a 12-gauge shotgun in the car, they arrested all three. Further investigation disclosed identities.

Seymour, serving 10 to 25 years for armed robbery, and Laesser, one and a half to two years for attempted larceny, walked away from trusty jobs outside Southern Michigan Prison at Jackson Tuesday.

CAN SUMMER be far away? Picnic tables—the eternal sign of warm weather fun—were placed in snow-free Escanaba parks Wednesday by city employees Harvey Wellman of Wells, left, and Justin Shepherd of Harris. There was no report on the scheduled opening of the bathing beach, but the picnic table debut is believed to be the earliest in history for Escanaba. (Daily Press Photo)

Army Calls 23 For Induction

Twenty-three Delta County men have been ordered to report to the local Selective Service office, 1103 Ludington St., at 1:15 p. m. Monday for induction into the United States Army and a male nurse has been ordered for pre-induction examination in a special call.

Roger N. Williams of Escanaba will report at 8 a. m. Thursday, March 10, in a special call for male nurses needed because of the Viet Nam war.

Mary M. Wagner, clerk of Local Draft Board 21, said he will take pre-induction examinations in Milwaukee on Friday, March 11.

The induction group ordered to report Monday will be taken to the Milwaukee induction center by charter bus. Leader of the group is Robert H. Chenier of Gladstone.

Also ordered are: Rudolph P. Peterson, Wayne E. Nault, David F. Hill, Melvin N. Ozimac, Arthur G. Crose, Lorin H. Blowers, Gary L. LeClaire, Walter A. Schult, James R. Cool, George H. Martenson, Gerry C. Rivard, Dale J. Dupuy and Richard C. Gustafson, all of Escanaba; Marvin J. Michese, Nicholas W. Montgomery, Gerald Berthiaume, James V. Ketcham and David J. Moberg of Gladstone; James R. Morrison of Isabella; Alfred Michalik of Fayette, and Keith P. Johnson and Nathan A. Nordin of Bark River.

Auto Insurance Rises In State

DETROIT (AP)—Auto insurance rates for the 613,000 Automobile Club of Michigan policyholders will rise an average of 17.5 per cent in the next 12 months.

The Auto Club, citing a 50 per cent rise in injury accidents the last five years, said its increase is the result of the "simple arithmetic" of increasing costs.

The increase, announced Wednesday, was made effective as of Monday of this week.

It followed prior rate increases by other major insurers, including State Farm Mutual. The Auto Club's AAA insurance covers about one-fourth of Michigan's motorists.

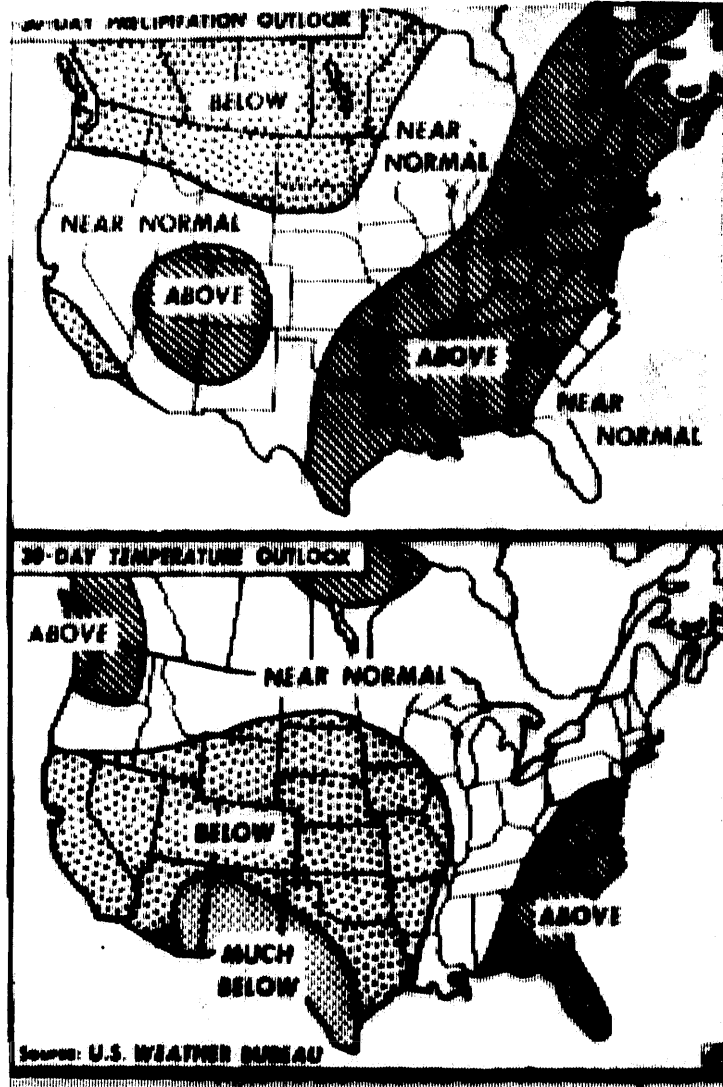

All the insurance companies blamed the higher auto accident rates for their action.

WEATHER FOR MARCH, based on maps prepared by the U.S. Weather Bureau, indicate normal to above-normal rainfall and near normal temperatures for this region. Borderline areas are subject to variation. (AP News Photo)

Lake Shipping To Start Early

Continuing mild weather in the upper Great Lakes region today brought the Weather Bureau's first ice report of the season and prediction of an "early opening of navigation at most ports."

In general ice formation on the Great Lakes was "significantly retarded during the initial half of the winter," according to the ice report.

"December was warm with temperatures 5 to 8 degrees above normal throughout the lakes region. During the last three quarters of January and parts of February temperatures have been mostly below normal."

"However, ice formation began quite late and although extensive ice formation occurred the later part of January and early February, the thickness of ice this year appears to be running about half the thickness or less than at this time last year," the report continues.

"Warmer than normal conditions are indicated for the next few days. Present conditions point to early opening of navigation at most ports."

Ice thickness on upper Little Bay de Noc ranges from 14 to 18 inches, it is reported by the Conservation Department, from officers doing a survey in the area. This is about one-half the usual ice depth at this season.

There is open water five miles south of Escanaba; Menominee harbor has 15 inches of

MSU To Honor William Knox, Hoard's Editor

EAST LANSING — William D. Knox, the editor of a national farm magazine, will be honored tonight as Michigan State University's 1966 distinguished agricultural alumnus.

Knox, who has been editor of Hoard's magazine since 1949, will be recognized for his support of "progressive policies for the American dairyman." He will receive the award tonight at the Agricultural Honors program on the MSU campus.

A 1941 graduate of MSU, his editorial, "Hour of Decision — Sell or Suffer," provided the spark for the greatly expanded sales effort through the American Dairy Association. Knox will also be recognized for his work in the field of livestock conservation.

Born June 9, 1920, in Sault Ste. Marie, Knox spent much of his early childhood involved in 4-H dairy club work, earning state honors and a scholarship.

He is the son of former Congressman and Mrs. Victor A. Knox of Sault Ste. Marie.

Blood Bank Tops Quota In 2 Days

An inspired community—inspired either by a devotion to the cause of the blood program or the lure of trading stamps—in two days over-subscribed a three-day blood bank quota.

Whatever the cause, there was general satisfaction that at long last the Delta County blood donor contributions were being made so generously that the program will continue. There had been fears that the Badger Blood Bank program might be withdrawn from the county unless the quotas were met.

The quota for the three-day clinic that ends today totaled 307 pints—and 328 pints were collected in the first two days, it is reported by Mrs. Edward Olsen, the Red Cross blood procurement chairman.

"Because of the big deficit accumulated in the past Delta County is still in debt to the Badger Blood Bank," she said. "But this has been a wonderful response and hopefully

points the way to meeting quotas in the future also."

At Gladstone on the opening day of the clinic 130 pints of blood were collected. The quota was 77 pints.

In Escanaba on Wednesday 198 units or pints were collected. Of the 140 appointments made by donors, 88 were kept and there were 133 walk-ins, bringing the total donors processed to 221, of whom 23 were rejected for reasons of health.

Each donor received 150 trading stamps plus the opportunity for more at the end of each day. The bonus stamp winners on Wednesday were Mrs. Mary Dobija, Escanaba Rte. 1; Thomas F. Bjorkquist, 1511 3rd Ave. S.; and Robert Shepeck, Escanaba Rte. 1.

Because there was such a rush of donors a number could not wait to be processed on Wednesday and indicated they would report back to give blood today. The final day of the clinic at the First Presbyterian Church ended at 3 o'clock.

Briefly Told

AMVETS Post 123 will meet today at 8:00 p. m. in the Post Home, 1311 N. 21st St.

S. P. E. B. S. Q. S. A. Inc., Escanaba Chapter, meets this evening at Carpenters' Hall at 8:01 for regular rehearsal. All male singers welcome.

AMVETS Auxiliary will meet today at 8 p. m. in the AMVETS Hall at 1311 N. 21st St. All members are urged to attend.

There will be a meeting of the North Star Lodge tonight at 7:30 at the Odd Fellows Hall.

The Immunization clinic at the Delta County Health Department offices in the County Building will be held on Friday from 2 to 4 p. m.

Funeral services for Mrs. Augusta Johnson, 77, will be held at the Messier Broulliere Funeral Home Saturday at 2 p. m. The Rev. Ingmar Levin of the Zion Lutheran Church will officiate and burial will be in Fairview Cemetery. Friends may call at the Messier Broulliere Funeral Home after 3 p. m. Friday.

Larry J. Arkins, 18, Rte. 1, Bark River, was ticketed by Delta County Sheriff's officers for making an improper left turn, no signal, after his car collided with a car driven by Raymond W. Meyers, 46, Rte. 1, Bark River, about 8:45 p. m. Thursday on Co. Rd. 535 in Bark River Township. There were no injuries in the accident.

Mrs. Fred A. Weissert, 1417 Lake Shore Drive, suffered minor injuries in a traffic mishap at 6th Ave. S. and 12th St. at 7:54 a. m. today, Escanaba police reported. She was issued a traffic court summons for failure to wear glasses as required by her operator's license.

Escanaba police have issued traffic tickets to Harry J. McCormick, Gladstone Rte. 1, and to Robert R. Neumann, 2851 Lake Shore Drive, both for disobeying traffic signals.

The Escanaba Civil Service Commission will meet in the City Hall at 4:30 p. m. Monday, March 7. Several items are on the agenda, including promotional examinations for heavy equipment operator, and Account Clerks II and III.

Ski Report

Cliffs Ridge, Marquette—Hill open, skiing fair.

Pine Mountain, Iron Mountain—15-30 inch base, excellent.

Indianhead Mountain, Wakefield—15 inch base, 2 inches snow, very good.

Porcupine Mountains, Ontonagon—10-12 inch base, fair.

Brule Mountain, Iron River—8-36 inch base, very good.

Powderhorn, Bessemer—12-24 inch base, very good.

Mont Ripley, Houghton—20 inch base, good.

Troquois, Sault Ste. Marie—12-15 inch base on lower slopes, good.

DELTA COUNTY Girl Scouts are observing Girl Scout Week, March 6-12 and Troop 3's contributions under the leadership of Mrs. William Savard and her assistant, Mrs. Donald E. Moore, included a poster contest. From left, seated: Shelley Moore and Judy Hiney, first award; Susan Savard and Denise Annear, second; standing: Bonnie Siko and Maurine Pryal, third; Jerry Miller, fourth (with Diane Mattson, not pictured) and Danielle Schultz, fifth (with Barbara Bonefeld, not pictured.) Honorable mentions went to the posters of Jill Baum, Susan Laakso, Ruth Short and Debbie Gendreau in the judging by Mrs. Ben Sandefur, art teacher at Rock. (Daily Press Photo)

U.P. Milk Price Help Requested

The Michigan Milk Producers' Association today urged the United States Department of Agriculture to make sure Michigan dairy farmers are treated equally with all others in any emergency adjustments made in federal milk marketing order prices.

There have been widespread reports that USDA action to shore up prices paid dairy farmers is imminent.

The need for such action is indicated by the declining number of dairy farmers, and declining milk production, according to MMPA President Glenn Lake, who also serves as president of the National Milk Producers' Federation representing approximately 500,000 dairy farmers who are members of milk marketing and processing cooperatives.

"Prices paid farmers for milk under federal milk marketing orders are obviously too low to assure safely adequate supplies to meet market needs," Lake said.

"If the USDA takes action at this time to improve prices and relieve, to some extent, the cost-price squeeze which farmers are in, then such action must apply equally to all farmers," he said.

MMPA on Feb. 17 asked the USDA to grant a hearing on Class I (bottling) milk pricing provisions of Federal Order Number 40, which regulates Southern Michigan.

In a telegram to Herbert L. Forest, chief of the Dairy Division of USDA, MMPA called for equal treatment for Michigan farmers in any emergency action the department might take. The telegram noted that the new request does not in any way affect the earlier petition for a hearing.

Emergency action would be especially welcome in Michigan's Upper Peninsula, where the price for all milk under Federal Order 44 appears likely to be equalled or exceeded by prices paid for milk that is processed into dairy products.

The telegram sent to Forest: "In view of widespread reports of possible emergency increases in federal milk marketing orders, which would appear

entirely improve prices paid to dairy farmers over a wide geographical area, we urgently request you to take any action necessary to assure that all Michigan dairy farmers are treated equally with any other dairy farmers, wherever located."

"Due to the declining number of dairy farmers in Michigan, there are grave doubts about the ability of available milk supplies adequately to meet marketing needs. Therefore, any price adjustments made to correct this situation in any area must, in the interests of equity for all farmers, apply to the three federal milk marketing orders in Michigan—Orders 40 and 43 in the Lower Peninsula, and Order 44 in the Upper Peninsula."

"It also appears likely that prices paid for manufacturing milk will equal or exceed federal order prices paid for all milk in the Upper Peninsula of Michigan, making it doubly imperative that any emergency adjustments apply there."

Foreign Aid Cut Back By Soviets

MOSCOW (AP) — The Soviet Union is cutting back its foreign aid program, a survey of available information shows.

This is bad news for developing nations at a time when aid from the West is failing to increase in pace with rising demands and when Communist China is defaulting on aid promises.

Authoritative sources say the biggest Soviet aid beneficiary, India, was told last year the Soviet Union cannot meet the Indians' expectations. The Indians were told domestic economic pressure is forcing the Kremlin to restrict its aid program.

Other countries have been disappointed. The most recent disclosure of this came two weeks ago from Kenya. It rejected aid that was tied to the sale of Soviet goods.

Khrushchev Openhanded
The Soviet aid cutback dates from the ouster of Nikita S. Khrushchev from power in October 1964.

Khrushchev was openhanded with aid, seeking to win friends and influence nations. His successors have taken a stricter attitude.

The Soviet Union has provided

about \$10 billion worth of aid to other Communist countries. Beginning in 1954, it started providing long-term, low-interest credits and some grants to non-Communist underdeveloped nations. Figures put the total at more than \$4.2 billion in promised credits and grants through 1964 but only about \$1.5 billion actually spent.

A comparable U.S. figure is difficult to obtain. One tabulation which leaves out the massive American food assistance puts U.S. economic aid spending for 1954-64 at \$21.5 billion. Other tabulations run as high as \$63 billion.

To the limited extent that foreigners can determine Soviet public opinion, the Russian masses have seemed to be opposed to largesse for developing countries while the Soviet Union needs so much development.

Continue Some Hope
Khrushchev usually ignored this attitude. His successors have not.

Soviet spokesmen and the press stress the commodities obtained from countries that get aid, apparently to forestall grumbling.

Details about the few new aid agreements concluded in the last 16 months have been suppressed locally, but the recipient countries have not kept them secret.

Despite the continuing pressure at home for increased production in all fields, diplomatic observers do not believe the Soviet leaders will stop all aid to non-Communist countries. The Soviet investment is too heavy for abandonment of such major aid recipients as India, the United Arab Republic, Indonesia, Afghanistan and Algeria, these observers say.

Suits Filed In School TB Case

PONTIAC (AP) — The mother of a 4-year-old boy who she said contracted tuberculosis while attending a suburban Garden City nursery has filed suits totaling \$150,000 in Oakland County Circuit Court.

Mrs. Delores J. Marvaso charges her son, Kenneth, suffered permanent injury to lungs, body and general health as a result of the disease.

Named in the suit are: Marie L. Gaylord, operator of the nursery; two doctors of osteopathy, the Zeiger Osteopathic Hospital, Botsford General Hospital and an unidentified teacher at the school who allegedly spread the disease.

Sixteen children, all students at the school, were hospitalized after the outbreak was discovered.

State Cancer Drug For Dogs

LANSING (AP) — A state developed anti-cancer drug—now only for use in dogs—may be marketed soon by a Philadelphia pharmaceutical firm.

The State Administrative Board has approved negotiations with Rohm and Haas Co. of Philadelphia for the production and marketing of Regulin, a drug that has been under development by the Michigan Department of Health for the past 10 years.

State scientists say the drug has shown "promising" results in dogs but could not pin down specific percentages of cures or disease arrests.

It is the third anti-cancer drug developed and patented by the state in the past eight years. The earlier drugs, although they have been around for some time now, "are just in their human clinic trial stage," said Dr. G. D. Cummings, director of laboratory services for the Health Department.

Cummings, State Health Commissioner Albert Heustis and Dr. Berger Olson, chief of the antibiotic fermentation section, repeated the same message.

Uplifting Voice Of Folk Singer Stills, End Near

NEW YORK (AP) — Woody Guthrie is an Oklahoma-born folk singer who tramped out of a dust bowl existence in search of a better life. He never really did find it, and now his time is running out.

He tried to "make it" in California in the early 1930s. He tried again in New York. He wrote at least a thousand songs along the way. Some people listened. Most didn't.

Today he has found a great and eager following in England and is the subject of a strong revival in the United States. But for Woody Guthrie, 53, it is the end rather than the beginning.

For the past 15 years he has been slowly, helplessly, dying of an hereditary disease called Huntington's Chorea, an affliction that progressively destroys coordination and runs its fatal course in about 15 years.

Coordination is the one thing a man like Guthrie can't afford to lose.

It was coordination of mind and guitar-strumming hands that produced one of his best-known songs:

Songs Of Pride

"This land is your land. This land is my land. From California to the New York island, from the Redwood forests to the Gulf Stream waters, this land was made for you and me."

That verse—in some of his songs there are as many as 100 verses—is typical of the Guthrie philosophy.

"I hate a song that makes you think that you're not any good," he said once. "I hate a song that makes you think that you are just born to lose. No good to nobody. No good for nothing."

"I am out to fight those kinds of songs to my very last breath of air and my last drop of blood. I am out to sing the songs that make you take pride in yourself and in your work."

Guthrie felt that way from the very beginning of his career

when he was the uplifting voice of the downtrodden of the great depression. He told people through song that things would be better in California.

He sang on a Los Angeles radio station for a dollar a day. He met other folk singers and saw other places, making several restless journeys back and forth across the American continent. He was married and divorced at least twice.

Loved Children

His love for children—his and others—manifest itself in a flood of children's songs that was interrupted only briefly by the crushing death of his own daughter, Kathy Ann.

Guthrie spends all his time now in the Brooklyn State Hospital and is no longer able to talk. His songs have been recorded by Bing Crosby, Harry Belafonte, Frank Sinatra and Peter, Paul and Mary.

His letters, poems, writings and records are being published and re-released. Balladeer Pete Seeger has predicted great fame for Guthrie's music.

Long-time companion Cisco Houston calls Guthrie "the greatest folk poet we've had."

Seeger says, "Woody shocked many people. But he knew what he wanted to do and he did it."

A Guthrie children's trust fund has been formed to provide for the singer's two surviving

Nudes Ousted From U. Office

STANFORD, Calif. (AP) — Six paintings of nudes have been removed from where they hardly would be expected in the first place — the business offices of Stanford University.

The paintings, works of Miss Ann Raymond of nearby Menlo Park, were installed last December. They came down this week after complaints by some administration officials and employees.

The Stanford Daily, campus newspaper, termed the removal "narrowminded." Sighed the artist, "I really wasn't surprised. This is the oldest fight in the world, you know."

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

The fund publishes a newsletter to keep those who care up to date on Guthrie's condition and his work, because he can no longer do that himself.

TRAINING AID—It may look like a child's toy, but it has a deadly serious purpose. Capt. Thomas Paoulakides of Phoenix, Ariz., examines a crude model of an American plane used to train Viet Cong gunners. It was captured by American troops during a sweep through guerrilla territory in South Viet Nam's central highlands.

Four Facing Bribe Charge

FARMINGTON (AP)—Three Royal Oak township officials under grand jury indictment were arraigned in Justice Court Wednesday.

A fourth defendant also was arraigned while the case against a fifth, a hospital patient, was postponed.

One of the group, Marshall Taylor, a township trustee, was ordered held in \$5,000 bond after the court was told he showed contempt for the law at his arrest.

Bond of \$1,000 was set for the other three. The fifth was ill in a hospital.

The five have been indicted by the one-man grand jury of Oakland County Circuit Judge Philip Pratt which has been investigating alleged corruption in Royal Oak Township.

Separate charges against the five include bribery and extortion, conspiracy as well as bribery and extortion in various transactions. Justice Robert Anderson set examinations for later in the month.

The \$1,000 bond was set for

W. C. Chambliss, a trustee; Frank Miles, township treasurer, and Elton Michels, bar owner who is neighboring Inkster's urban renewal director. The case of Edward Kennedy, the hospital patient, was postponed.

Some new Guinea tribesmen not yet under government control have pleaded with officials to tax them. Being taxed is the hallmark of civilization, thus a status symbol.

Garden Township Board of Review NOTICE

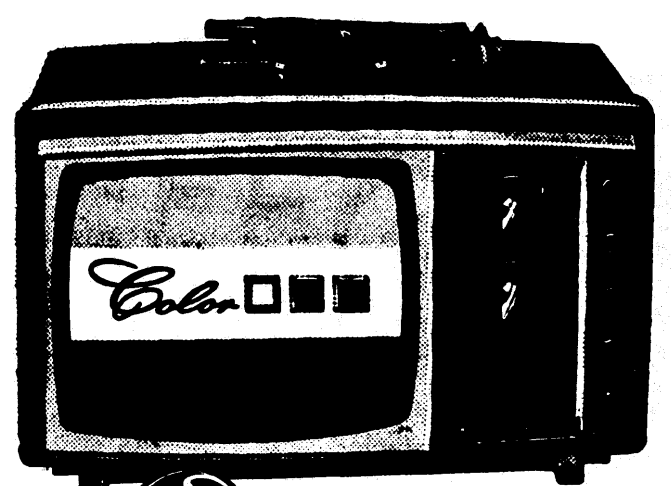

The Garden Township Roll will be reviewed March 8th, 14th and 15th at the Garden Community Building from 9 A.M. to 5 P.M. Taxpayers may come before the Board of Review to review their assessments.

Frank Gray, Supervisor

Eadie Directing New Health Unit

A new health district including Alger, Schoolcraft, Luce and Mackinac counties has been formed with Dr. Gordon A. Eadie as director. Central offices will be at Newberry.

A plan of organization prepared by Dr. Eadie with assistance of the Michigan Department of Health has been adopted by a coordinating committee for the district. Jack S. Carberry of Munising has been elected chairman of the committee.

Formation of the new district will mean extended and improved health services for the people of the four counties through proper sanitary measures, home nursing care, school nursing services, control of communicable disease and reduction of disability from chronic diseases such as arthritis, heart disease, strokes, and multiple sclerosis, Mr. Carberry said.

The 4-county district staff will consist, initially, of the director and an office manager at the central office in Newberry. The chairman stated that as soon as possible a coordinating nurse will be added to supervise home health services in the four counties under Medicare.

A Luce-Mackinac health district was formed Feb. 22, with Dr. Eadie as director, and a sanitarian will be added as soon as possible.

Existing services rendered by the health department offices of each county, at Manistique, Munising, Newberry and St. Ignace will continue and be augmented by those of the new district, Mr. Carberry emphasized.

Serving with him on the 4-county committee are Supervisors Frank J. Bartol and Frank Mead of Alger County, Supervisors Harold Peters, Harold Carlson and Francis Morrison of Schoolcraft County, Supervisors Archie Pentland, Francis Jacobson and Ed L.

Dr. Gordon A. Eadie

Munson of Luce County and Supervisors Emmett Vallier, Anne Crisler and Clyde Nelson of Mackinac County.

Dr. Eadie, M.D., M. P. H., graduated from Johns Hopkins University school of medicine in Baltimore in 1938. He received his master's degree in public health from the University of Michigan in 1957.

After 11 years with General Motors Corp., he joined the staff of the Wayne County health department in 1955 and served as director of disease control until accepting his new appointment in the Upper Peninsula.

He is a member of the American Medical Assn., American Public Health Assn., Michigan Public Health Assn., Luce County Medical Society, and the Michigan Society of Neurology and Psychiatry, a fellow of the Industrial Medical Assn., secretary of the section on preventive medicine, and of the Michigan State Medical Society and chairman of the committee on mental health, and of the Michigan Health Officers Assn.

Dr. Eadie was born in Summit, N.J., Dec. 19, 1912 and attended high school there. He received his bachelor degree from Princeton University in 1934 and served both internship and residency at Henry Ford Hospital in Detroit.

For the present he plans to visit Munising, Manistique and St. Ignace every week. He will make his home in Newberry.

John Nance Garner served as vice president during Franklin D. Roosevelt's first and second terms as U.S. president.

Perch Fishing Yields 'Jumbos'

Perch fishing has been good on Hulbert Lake in Chippewa County for jumbo size, with best results at daybreak and dusk, and also in the Les Cheaneau area, where wigglers are used for bait. Round or North Manistique Lake in Luce County has been producing good perch catches at depths of 15 to 30 feet, using minnows. Late afternoon fishing has been best.

Quite a few have been taken from South Manistique Lake in Mackinac County also. Good catches throughout the day have been made on Bass Lake in Luce County, with fish plentiful in the 6-8 inch class. Some perch are reported from Muskallonge and Perch lakes in Luce County and fair fishing on Milicoquin Lake.

Some cisco are being taken on South Manistique Lake in Mackinac County, the Conservation Department reports, and a few walleye from Round Lake in Luce County. Whitefish fishing is reported poor in the Shallows and Mosquito Bay area, though ice conditions are good. Good smelt catches are reported from Highbanks Lake in Chippewa County. A few nice rainbows were taken. Some jumbo smelt were taken in Hulbert Lake with best success in early morning and late afternoon.

The northern pike season which ended Feb. 28 produced good fish, with a number in the 10 to 20 pound group, from Round Lake and 3 to 5 pounds in Muskallonge Lake.

MANISTIQUE

Death Claims Mrs. Johnson

Mrs. Chris Johnson, 77, of Rte. 1, died at 4:15 a.m., Wednesday in Schoolcraft Memorial Hospital. She had been a patient 2 1/2 weeks.

Born in Sweden, Sept. 8, 1888, she had spent most of her life in the Chicago and Manistique areas. She was a registered nurse, and was a graduate of St. Mary Hospital in Green Bay.

She was a member of Patience group of the LCW and Zion Lutheran Church. Her marriage to Mr. Johnson took place in Menominee June 23, 1910. He died Feb. 21, 1956. She was the former Augusta Stromer.

Surviving are four sons, Harris and George of Manistique, and Gordon and Warren of DesPlaines, Ill.; three brothers, George Stromer of Laguna Beach, Calif., Albert of Inglewood, Calif., and Oscar in Florida; two sisters, Mrs. Lee Taylor, Antigo, Wis., and Mrs. Carl Prah, Wausau, and eight grandchildren.

Funeral services will be conducted in Messier-Broullier Funeral Home.

Vietnam has long been famous for the production of lacquer made from cay son trees.

Briefly Told

Public Safety officers were called at 11:50 a.m. Tuesday on a chimney fire at the Erroll Abell home, 187 N. Maple.

Senior Citizens meet Tuesday at 7:30 p.m. in the K-C Hall. U. S. A. Heggblom will speak and show slides on the Holy Land.

A Story Hour will be conducted at Manistique School and Public Library Saturday at 10:30 a.m. St. Patrick stories and games will be featured. All children three and older are invited.

S.P.S. James Walters, son of Mr. and Mrs. Leonard Walters is taking a special 9-week course in accounting at Fort Benjamin Harrison, Ind. His wife, Alyce, and daughter Denise are staying with her mother, Mrs. Arlene Tufnell while he is away.

State Police Ticketed William J. Scoon, 134 S. 4th, expired operator license; John C. Gauthier, 420 Oak, non-stop; Arthur R. Massey, Flint and Leslie V. Plante, N. Houghton, speeding; Elaine D. Webber, Gulliver, permitting unlicensed minor to drive; Robert Cooper, Chicago, no operator license and expired registration plate; George E. Make, Chicago, Frederick J. Driver, Malden, Wash., and Carl H. Heck, Edmont, Alta., no operator licenses and Donald O. Mortensen, Germfask, failure to transfer registration plates.

Give Awards In Gun Safety At Thursday Meet

To mark the half-way point and completion of basics in the Jaycee Safety Shooting program, students and parents are being invited to a special activity in the Armory Thursday at 7 p.m. The public is welcome.

There will be a brief demonstration of gun safety and a special parent-student shooting contest. Certificates will be awarded those who completed the basic course, and names of those proceeding to the advanced course announced.

The course will be repeated next year. The advanced course is starting next Thursday and will continue six weeks.

New Ownership Of Delta Cable Names Manager

Delta TV Signal Distribution Co., which serves the Escanaba and Gladstone areas with television programs by cable, has a new manager today, succeeding George Baldwin, who, with Todd Gayeff, was one of the

founders of cable television facilities here.

Jack Bradshaw succeeded Baldwin this week as manager of Delta TV Cable. He is a Californian, sent here by Jack Kent Cook, Inc. of Beverly Hills, Calif., which on Oct. 15, bought the Delta firm. Baldwin, who was general manager under the old ownership and a director of the company, stayed as manager until this week.

The Cook firm is one of the largest owners of CATV systems in the nation. The acquisition of cable systems to expand television viewing into areas of marginal reception and to bring cable television programs into blacked-out metropolitan areas is creating an active scramble in the communications industry today.

The Milwaukee Journal Co. directors today announced that they had approved purchase by its wholly-owned subsidiary, Teltron, Inc. of Medical Communications and Electronics of Rochester, Inc., a CATV (community antenna TV system) in Stevens Point, Wis. It also bought a microwave communications system to carry Chicago and intermediate TV stations' programs to Stevens Point. Medical Communications was licensed by the Federal Communications Commission in 1964 to carry WGN-Chicago and WMVS-Milwaukee TV programs to Stevens Point's CATV system.

Teltron is also purchasing, subject to FCC approval, Midwestern Relay, Inc., Wisconsin corporation controlled by Medical, which has asked FCC for permission to broaden its relay privilege to common carrier status so it can serve CATV systems on its route. This would permit use of the TV programs received at Stevens Point on the Wausau CATV system.

Jack Kent Cook Inc., has acquired the CATV systems in Iron Mountain, Ironwood and Calumet-Lake Linden besides the Escanaba-Gladstone system, and is operating the CATV system at Sault Ste. Marie.

The Delta CATV system was started in September, 1959. It has been affected recently by a FCC ruling against simultaneous telecast of programs by the "local" TV station (WLUC-TV, Channel 6, Marquette) and the rest of the TV stations serving this area WLUC-TV, WBAY-TV and WFRV-TV, all of Green Bay, Wis.

TB Detection Needs Bolster

LANSING (AP)—Lawmakers and public health officials agreed Wednesday that loopholes in the state's tuberculosis detection system must be plugged.

But they also found that new laws probably could not guarantee against outbreaks such as that discovered at a Garden City nursery school late last year.

Representatives of the state departments of health and social services, the attorney general's office, and the Wayne County Health Department testified before a House committee.

"I agree we can't legislate professional competence," said Rep. William Fitzgerald, D-Detroit, chairman of the House Public Health Committee. The committee conducted a hearing on a report by Dr. Richard Hanlon, director of the Wayne County Health Department.

Hanlon's report, revealed earlier this week, showed that a certified radiologist had discovered possible tuberculosis in one of the teachers at the Hansel and Gretel Nursery months before the outbreak in which 20 children eventually were infected.

A short time after the X ray, the woman's physician had certified the X ray showed negative and another test was "reportedly negative," the report said.

Clockmaker Dies And Clock Stops

BALTIMORE, Md. (AP) — Fred C. Staib, last of a distinguished line of Baltimore clock and watch makers, mounted the three stories above his shop Wednesday morning to wind a clock which has marked the time for Lexington Street merchants for four generations.

Today, the clock went unwound for the first time in its 80-year history, and stopped.

In Service

Seaman John C. Clovis, USN, son of Mr. and Mrs. Clovis C. Clovis, 509 S. 14th St., Escanaba, is a crewmember aboard the destroyer USS Forrest Royal, which is a unit of the Sixth Fleet in the Mediterranean. The Forrest Royal recently made a three-day cruise to the Black Sea, demonstrating the right for U. S. vessels to travel in international waters anywhere in the world. Throughout the cruise, the destroyer was unofficially accompanied by Russian guided missile destroyers. Forrest Royal and her Russian escort exchanged friendly greetings each morning and evening and when leaving the Black Sea, the Russian answered the destroyer's "Goodbye" with "So long for now."

MONROE COUNTY, Wisconsin, Road Supervisor Leo Friske watches as Highway Commissioner August Hering points out a high priority problem left hanging on a Highway 21 bridge when a truck loaded with heavy construction machinery passed through Monday. The arm of this backhoe was far enough back, but too far up. (AP Wirephoto)

CULTURE? — This young lady, member of a touring Russian cultural troupe, proved a quick study of local ways. She's doing a native Malay dance learned on a Singapore visit. It may be a mark for Soviet culture, but it's hardly out of Marx.

Tot Inspires Doughnut Sale

ST. CLAIR SHORES (AP)—A baby girl inspired a tremendous doughnut sale Wednesday.

One doughnut brought \$50. The Student Congress of Lakeview Senior High School put on the sale in behalf of Amy Joy's college trust fund.

Proceeds of the sale, plus a contribution from the school's homecoming dance, brought the fund to \$500.

Amy Joy, now 12 days old, was found abandoned in a high school rest room last week.

John Rapede, 15, who paid \$1, his two days lunch money, said "we all gave what we had in our pockets."

"This seemed something closer to us than any of the other collections we've had here," said Ron Randolph, 17.

An unidentified adult visitor paid the \$50 for one doughnut.

Amy Joy, named by sisters at St. Joseph's Hospital in nearby Mount Clemens, is in a foster home. Police still seek her mother.

Germfask

A meeting will be held at the Germfask Elementary School at 7 p.m. Thursday, March 3, Ray LaPorte, director of the Community Action Agency of Escanaba, will be present to talk on planning community projects for this area. Anyone interested is invited to attend.

A representative from the Social Security office at Escanaba will be at the Germfask Elementary School gym, March 4 at 7:30 p.m. to give information on Medicare-Social Security problems.

Mr. and Mrs. Edward Thayer Jr. of Battle Creek spent the weekend here visiting with relatives. They also attended funeral services for Mr. Thayer's mother, Mrs. Ada Thayer, Monday at the Baptist Church in Curtis.

Mr. and Mrs. Cecil Cornell and family and Charles Cornell of Newberry, visited relatives here Sunday. Mr. and Mrs. Cornell also attended the races at Curtis.

Mrs. Martha Kubont of Marquette visited her mother, Mrs. Lulu Smith, for a few days.

Mrs. Redvers Thibadeau was hostess to the East End Craft Club at her home Tuesday afternoon. The next meeting will be held March 22 at the home of Mrs. Velone Hall.

A Paint Party was held Tuesday at the home of Mrs. Nettie Askey, with Mrs. William Miller as demonstrator.

The Ladies Aid of the Grace Lutheran Church met at the home of Mrs. James Barker Tuesday night. After the meeting packets of a tablet, ruler, 5 pencils, a comb, tooth brush, cake of soap, wash cloth and towel, were packed for the Lutheran World Relief, to be distributed overseas. The next meeting will be held April 5 at the home of Mrs. Warren Anderson at Seney.

Mr. and Mrs. Howard Hewitt, Blaney Park and Mr. and Mrs. Walter Duquette, Gould City, helped John Cameron celebrate his 73rd birthday at his home here.

Laura Diller of Manistique, Ervin Diller of Blaney Park and Michael Lee of Gulliver were recent visitors at the home of Mr. and Mrs. John Cameron.

Former Mayor Ed Cox Seeks Four-Year Term

A veteran of 10½ years on the Escanaba City Council and a former mayor, Edward J. Cox of 219 N. 11th St., has filed as a candidate for the Council in the election to be held Monday, April 4.

He is the fifth candidate to announce for the four-year term.

The terms of Councilman Harold J. Vanierbergh and Glenn Moreau are expiring this spring. Both are seeking reelection.

Other candidates are Mrs. Frank (Ruth) Neumeier of 1835 10th Ave. S. and Edward A. Gosnell of 223 23rd Ave. S.

Railway Employee

"I have decided to go for the four-year term" said Cox in filing his nominating petitions at the City Hall Wednesday afternoon. His name had been mentioned as a possible candidate for several days before he made his intention known.

A native of Escanaba, Cox was born here on April 29, 1905. His father was the late A. H. Cox, for whom Lodge No. 1098 Brotherhood of Railroad Trainmen was named. After attending Escanaba High School Cox began work for the Chicago & North Western Railway in 1926.

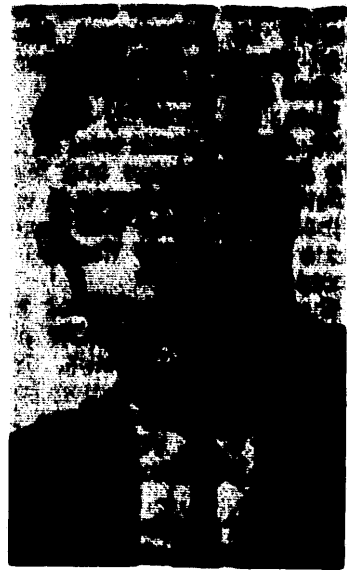

Ed Cox is a member of the Railroad Yardmasters of America and of the Brotherhood of Railroad Trainmen. Locally he has held all of the offices in the Brotherhood, including the presidency of the local named for his father.

He was first appointed to the City Council in 1951 to fill a vacancy caused by the death of Peter N. Logan, and was then elected and reelected. He retired from the Council in 1962, choosing not to be a candidate.

Eight Candidates

He was mayor of Escanaba in 1958 when the city and the Upper Peninsula Power Co. completed its contract arrangement for the operation of the municipal electric generating plant by the Power Co.

The following year, while mayor, he arranged an industrial promotion program that brought together industrial leaders and organized labor in

Edward J. Cox

a series of meetings to improve the local economy.

Throughout his years on the Council he was, by virtue of his office, also a member of the Delta County Board of Supervisors.

Mr. and Mrs. Cox (she is the former Eunice Carlson of Escanaba) have five children.

At stake in the April 4 election are three seats on the five-member Council. Two of the positions are for terms of four years and one is for the two-year unexpired term created by the resignation from the Council of Jacob A. Bink for reasons of health.

Besides the five candidates for the two four-year terms, there are three candidates for the two-year term: Cecil Chase, Arol Beck and Lyle Plowman. Candidates have until March 15 to file nominating petitions with City Clerk Don Guindon.

Bark River

Gary M. Ahlin of Bark River is among the 962 students enrolled at Peru State College, Peru, Neb., for the 1965-66 spring semester.

Hospital

Henry Ross of 404 Delta Ave. Gladstone has been a patient at St. Francis Hospital since Feb. 23. His room is 340.

Seney

Warren Anderson went to Iron Mountain Thursday where he received medical attention at the Veteran's Hospital.

Roy McDowell has returned from Detroit where he visited with his daughter and son-in-law, Mr. and Mrs. William Marlette.

Mr. and Mrs. Lowell Maxson and children from the Soo spent the weekend at their home here.

Mr. and Mrs. Ed Carson of Port Huron visited here over the weekend with his sister and brother-in-law, Mr. and Mrs. Frank Norden.

Mr. and Mrs. Alvin McDowell left this week for a vacation trip to Shreveport, La. where they will attend a ham operator's convention.

Mr. and Mrs. Norman Nelson Sr. returned Monday from Waukegan, Ill., where they have been visiting their daughter and her husband, Mr. and Mrs. Kenneth McDonald. They are leaving Thursday for Detroit where they will spend some time with their grandchildren while Mr. and Mrs. Norman Nelson Jr. are in Washington, D. C.

Fire Injures Elderly Man

MANISTIQUE—Frank Hardwick, 60, who lived alone in his small home on Marquette Ave., was severely burned in a fire about 11:30 p. m. Wednesday.

He suffered first and second degree burns over the lower half of his body when his clothing caught fire in an accident in his home.

Public Safety Department officers were summoned at 11:38 p. m. They reported that Hardwick apparently had applied kerosene to a fire in a wood space heater to revive the fire and that it exploded, igniting his clothing.

He was taken to the Schoolcraft Memorial Hospital by ambulance.

The floor around the space heater was slightly damaged by the flames.

Cub Scouts Get Awards At Annual Banquet

BARK RIVER — The Bark River Cub Scout Pack 445 held the annual Blue and Gold Banquet Monday evening in the Bark River-Harris Elementary School multi-purpose room.

Cubmaster Philip Norman introduced the guests of honor, Mr. and Mrs. Alfred E. Anderson. Mr. Anderson has been active in Scouting for the past thirty-five years and is presently neighborhood commissioner.

Recognition certificates were given to den mothers, Mrs. Roger Quist and Mrs. Theodore Bash, and den chiefs, Roger Quist, Jr., and Dale Kvarciany, by the cubmaster.

Awards were presented to Tommy Arken, Duane Taylor, Edwin Olson, Jerry Klee, Mark Ray, Matt Hanson, William Belanger, Calvin Wendrick, Joseph Racicot, Douglas Ayres, Robert Bash, Keith Hurbise, Dennis Moniowczak, William Ray, Russell Ayres, Vernon Chase, Larry Olson, Donald LaBelle, Jimmy Bash and Joseph Knauf.

Plans were discussed for the Red Buck District Round Table

which is scheduled for Thursday, March 10, at the Bark River - Harris Elementary School. Cub Pack 445 and Boy Scout Troop 446 will be hosts.

This month's theme was "Strong for America," and tables were decorated with this in mind. Den mothers assisting were Mrs. Roger Quist, Mrs. Lloyd Olson, Mrs. Theodore Bash and Mrs. Jack Erickson.

A birthday cake baked and decorated by Mrs. Lloyd Olson, was decorated with an American flag made with colored frosting. The banquet was a pot luck affair furnished by Cub Scout parents. The meeting closed with a prayer, "Bless These Scouts," by Cubmaster Norman.

Wild Color Combinations

It may take some doing to get accustomed to many of the new prints for spring. Such combinations as red, yellow and violet can come as a shock. But don't be a fashion drag. Try them. You'll find some amazingly wild combinations that will be perfect for your coloring.

Mix a little sugar with enough orange juice to moisten and spread over baking biscuit dough before baking. Pretty topping!

First Methodist To Dedicate Sawyer Hall

On Sunday, March 6, years of careful planning, sacrifice and prayers will be culminated for the members of the First Methodist Church. On that date, a consecration service will be held for the new constructed

educational unit, Sawyer Hall. Invitations have been mailed out by Mrs. Milton Embs to former pastors, members and friends of the church.

Since construction was started, two former pastors Rev. R. C. G. Williams and Dr. Ross W. Stoakes have passed away. Three pastors are retired, Rev. D. E. Evans, Fort Lauderdale, Fla.; Rev. W. A. Gregory, Tawas City, Mich.; and Rev. Otto Steen, Manistique. Rev. Byron Hatch, Sault Ste. Marie; Rev. J. B. Brown, Marine City, Mich. also served the church in later years. The Rev. Konstantin Wipp is currently serving the church.

HN Parents Club To Sponsor Family Dinner

Another "first" for the Holy Name High School Parents Club will be the serving of a Family Dinner on Sunday, March 20, in the multi-purpose room of the school. Mrs. Don LeMire, general chairman, reports that plans are well under way for this project, which will involve workers from all the parishes served by Holy Name.

Chairmen from each parish include Mrs. John Baribeau, St. Joseph; Mrs. Earl Veldman, St. Anthony; Mrs. Francis Guay and Mrs. Joseph Young, St. Patrick; Mrs. Clayton Tanguay, St. Thomas; Mrs. Manzer Way, St. Anne; Mrs. Clarence Theoret, Holy Family; Mrs. Walter Schermer, Sacred Heart; Mrs. Raymond Mott, St. Michael; Mrs. James Anderson, St. George, and Mrs. Gene Ver-Hamme, All Saints.

Mrs. Dale Vinette is in charge of dining room service and Mrs. Peter Breclaw is supervising table appointments. Booster Club personnel will help where needed. Students lending their efforts are girls in the Service club, and boys in Key and Varsity clubs.

Mrs. Marvin Marshall, ticket chairman, announces that tickets will be mailed to Holy Name families and will also be available at Gust Asp's and Ernie's Party Store in Escanaba, Delin's in Gladstone, Anderson's Gamble Store, Bark River, and at the door. Servings are conveniently scheduled for 2, 4, and 6 o'clock, and the public is invited.

Altar Society Planning Mid-Lenten Social

The March meeting of the Holy Family Altar Society of Flat Rock was held Wednesday night with Mrs. Gerald Carignan presiding.

Plans were completed for the Mid-Lenten Social to be held Sunday evening, March 20, in the church hall. The talent show will begin at 8 o'clock followed by lunch and dancing. Chairmen of the talent show are Mrs. Hubert Irving, Mrs. Art Tourangeau, and Mrs. Harry Lancour. Kitchen chairman, Mrs. Donald Roberts and clean-up chairman, Mrs. Gerald Carignan, Mrs. Bruce McGuinn will be in charge of the door. The public is invited.

Bible readings were by Mrs. Don Seymour, Mrs. Gerald Carignan and Mrs. Ernest King. Next month sections will be read by Mrs. Art Tourangeau, Mrs. Harry Vandanaer and Mrs. Lawrence Chouinard.

Mrs. Gilbert VanDrese and Mrs. Carl VanDrese were welcomed as new members of the Society.

Lunch was served by the Cornell area ladies, Mrs. Ed Marenger, chairman. Games were played and winners were Mrs. Hubert Irving, Mrs. Harry Lancour, Mrs. Don Seymour, and Mrs. Donald Roberts. Guest prize was won by Mrs. Ed Greis.

Plan Events At Noa Home

The Flat Rock Altar Society of the Holy Family Church will present a game social for the residents of the Bishop Noa Home this evening. This is a weekly event sponsored by the Altar Society.

Tuesday evening, March 8, the Escanaba Area Junior High School String Ensemble under the direction of Mrs. George Embs will present a concert of musical selections to the residents. The concert will begin at 7 p. m. in the main lobby of the home.

Births

WILLIS — S. Sgt. and Mrs. Thomas A. Willis are the parents of a son, born at 4 p. m. Sunday, Feb. 27 at the K. I. Sawyer Air Force Base Hospital. He has been named Thomas George and weighed 7 pounds, 9 ounces. He is the third child and third son in the family. Mrs. Willis is the daughter of Mr. and Mrs. George Heero, 1719 3rd Ave. N., Escanaba.

KENT — A son, Timothy Dean, weighing 9 pounds and 4 ounces was born to Mr. and Mrs. Lloyd A. Kent of Cornell Rte. 1 at 10:19 p. m. Wednesday, March 2. The mother is the former Edna Peterphi.

Retreat Club To Hold Day Of Recollection

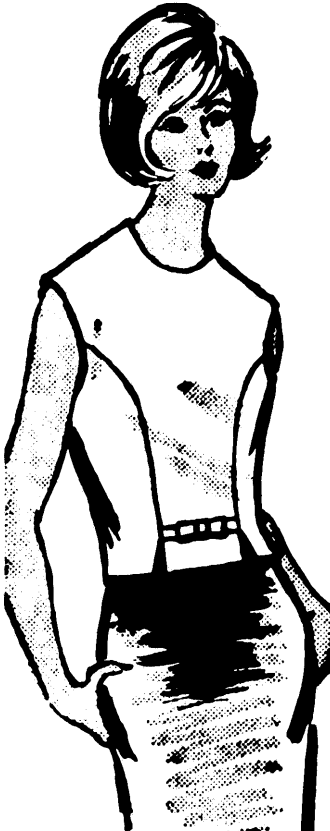

The Marygrove Retreat Club supper was held Wednesday at 6:30 p. m. at the St. Joseph Clubrooms with 70 members and guests present.

A day of Recollection will be held Sunday, March 13, at St. Anthony's Church in Wells sponsored by the Retreat Club. Services will be from 2 to 4:30 p. m. closing with the benediction. All women of the area are invited to attend.

Any women desiring transportation may contact any member of the club.

Cards were played with prizes awarded at each table. Guest prizes were given to Mrs. Richard Seibert, Mrs. George Belanger, Miss Margaret Fitzsimmons and Mrs. Irvin Cashin.

Send for our new Spring-Summer Pattern Catalog, 125 top shapes for sun, fun, dancing, dining, everyday! One free pattern—clip coupon in Catalog. Send 50c.

Mrs. Boyd A. Ramsey

Music Making Gets A Start In The Home

NEW YORK (UPI)—A man who for nearly half a century has been developing musical talent of the young says that every normal child is born with the ability to make music.

Only trouble, it is left to go down the drain somewhere along the line.

This is the opinion of Dr. Joseph E. Maddy, president of the National Music Camp and the Arts Academy at Interlochen, Mich.

Maddy started his teaching career in 1918 as supervisor of instrumental music in the schools of Rochester, N. Y. He founded the Interlochen camp in 1928, and through the years has helped to train some 30,000 young people from the eighth grade through high school. The Academy was founded in 1962, to offer a high school program of study along with music training.

During a business trip to New York, Maddy commented that the basic music talent born into the normal child "is developable." But it takes the combined talents of parents, educators, and music teachers.

He suggested that parents surround the children with music at home—musical instrument or instruments, records, and such.

Van Cliburn, the famous pianist who does a benefit concert every summer at Interlochen, was so surrounded, said Maddy. His mother was a fine teacher and pianist, and at the age of three her son was starting piano.

Music teaching should get away from the mechanical, said Maddy. Children want to play a tune, not start with scale exercises.

"They'll learn the scale when they find they have to know it to develop more tunes," said the 74-year-old musician-instructor-conductor. "If a child is given a chance of enjoying music, he will go on with it."

Educators should understand the love of music, too, he said—not let talent "go down the drain." Maddy recalled that Cliburn flunked high school Latin because he was forced to skip a test to practice for his audition at the Juilliard School of Music.

Social-Club Bake Sale

St. Francis Hospital Ladies Auxiliary is sponsoring a bake sale Friday, March 4 at Goodman's Drug Store from 11 a. m. to 3 p. m.

Susan Kallin, Boyd Ramsey Exchange Vows

Dr. Erwin E. Britton of Detroit and the Rev. James Altman of the First Congregational Church of Wayne officiated at the double ring ceremony uniting Susan Gail Kallin and Boyd A. Ramsey in marriage on Saturday, Feb. 5.

The bride, daughter of Mr. and Mrs. Francis Kallin of Wayne, was given in marriage by her father. Parents of the bridegroom are Mr. and Mrs. Riley Ramsey of Marlette. The bride is the granddaughter of the late Mr. and Mrs. Walter Butler of Butler's Bend.

Candlelight Velvet

The bride chose a formal gown of candlelight velvet with a bateau neckline, wide cummerbund of Venise lace and wristpoint sleeves. The floor length skirt was accented by a chapel train appliqued with Venise lace. Her waist length veil of silk illusion was caught by a velvet cabbage rose trimmed with seed pearls. She carried a colonial bouquet of white roses.

Her attendants were gowned similar to that of the bride in Italian moss green velvet and Nile green whipped cream crepe. Lynn Kallin was maid of honor and Mrs. John Ramsey, Elizabeth Britton and Kathleen Young were bridesmaids. The maid of honor carried a colonial bouquet of yellow tipped white carnations centered with yellow sweetheart roses and the bridesmaids had bouquets of green tipped carnations centered with yellow sweetheart roses.

Robert Ramsey was bestman for his brother and the guests were seated by William Krist, Pierre Benoit and William Grebe all of Marlette. Thomas Kallin, brother of the bride, ushered Mrs. F. Kallin and Mr. and Mrs. R. Ramsey.

Mother's Attire

Mrs. Kallin chose a jacketed gown of gold brocade with green hat for her daughter's wedding. She wore gold accessories, pinned on a corsage of yellow roses and copper-sprayed pom poms. Mrs. Ramsey wore a beige gown with matching hat, accented with a corsage of yellow roses and copper-sprayed pom poms.

Approximately 135 guests attended a reception in the fellowship hall of the church immediately following the wedding.

When the young couple departed for their new home in Mt. Pleasant, the bride donned a brown knit and suede suit with contrasting accessories. Her corsage was of pink sweetheart roses. Mr. and Mrs. Ramsey have resumed classes at Central Michigan University where both are members of the junior class.

B. & P. W. Club Meets Tuesday

Mrs. Leo Niquette, president of the Escanaba Area Schools PTA Council, will discuss the PTA code of ethics being formulated for the students in the public schools at the meeting of the Escanaba Business and Professional Women's Club next Tuesday evening, at the Sherman Hotel. The program will be presented by the World Affairs Committee. A Lila Kvam, chairman, Leona Dougherty, Mrs. Ardyth Flahery and Flora Clark.

MR. AND MRS. LEONARD Sabourin, 420 S. 11th St. announce the engagement of their daughter, Laura Ann, to Jerry Foote, son of Mr. and Mrs. Ronald Foote, Spirit Lake, Iowa. Both are seniors at Trinity College, Deerfield, Ill., where Laura is majoring in Elementary Education. Her fiancé is planning to do graduate work in preparation for the ministry. No date has been set for the wedding.

Right To Know Bills Offered

LANSING (AP) — The average citizen's right to public information would be spelled out in state law under terms of two bills introduced in the House.

The bills, introduced by majority floor leader J. Bob Traxler, D-Bay City, are copies of model freedom of information legislation proposed by Sigma Delta Chi, professional journalism society.

One declares that all meetings "of the governing bodies, municipalities, counties, boards of public instruction, boards of county commissioners and other boards, bureaus, commissions or organizations—except grand juries—supported in whole or in part by public funds or expanding public funds, be public meetings."

The other declares that "all state, county, city, village or township records shall be open at all times for a personal inspection of any citizen of this state."

It also allows any interested party to make extracts, copies or photographs of the records, under certain ground rules.

Traxler said "This is intended to cover those instances when some official simply decides he doesn't want the press or the public present."

Seaway Aims To Open April 1

OTTAWA (AP) — Opening dates of April 15 for the St. Lawrence Seaway and April 4 for the Welland and Sault Ste. Marie canals have been set as targets by the St. Lawrence Seaway Authority.

The authority said the seaway between Montreal and Lake Ontario could be opened earlier if ice conditions permit. Movement started last year on April 8.

The Welland Canal definitely will be closed until April 4 due to construction now underway. Severe weather and ice conditions could set any or all dates back, the authority said.

Nahma

Parents' Night
Nahma High School honored parents of the varsity basketball and cheerleading teams at a special parents' night program Friday, Feb. 25. During the half time period, parents were introduced and mothers were presented with flowers.

The king and queen of the school and the court were also chosen at this time: King, Peter Moore; Queen, Joann Pilon; court, Marshall Groleau, Steve Ritter, David Larson, Rickey Mercier, Hazel Blowers, Gail Pomeroy, Gloria LeGault and Susie Pomeroy.

A dance followed the game and music was furnished by the Groleau orchestra.

Mrs. Elizabeth Sly returned to her home here from Green Bay, she was accompanied by her brother and sister-in-law, Mr. and Mrs. Ed Mercier of Green Bay.

The regular monthly meeting of the School Board will be held at the school March 7 at 7:30 p. m.

Mrs. Rudie Gereau and daughters, Mrs. James Conner and Margaret Gereau of Green Bay spent Wednesday and Thursday with Mrs. Gereau who is a surgical patient at the Little Traverse Hospital at Petoskey.

Mrs. Peter LeClair is spending several days in Escanaba with Mr. and Mrs. Runar Beck.

In Service

Army Pvt. Ward T. Zeno, 18, son of Mr. and Mrs. Clarence E. Zeno, 623 S. 12th St., Escanaba, has been assigned to the 97th Quartermaster Battalion in Germany. Zeno, a driver in the battalion's Company A near Mannheim, entered the Army in August 1965 and received basic training at Fort Leonard Wood, Mo. He is a 1965 graduate of Escanaba Area High School.

SPICER ROLES — Gena Rowlands advocates better parts for women in U.S. movies so that American actresses can attain the same popularity achieved by their European counterparts. In other words, Gena tells Hollywood, stop being "anti-woman."

Board Discusses Faculty Salaries At Recent Meet

ROCK — During the regular meeting of the Rock Board of Education Monday evening, members worked on a salary schedule and employee benefits for the faculty. A meeting with faculty representatives will be arranged for a later date.

The Board approved the use of the school bus to take 4-H members to Escanaba on Achievement Day, April 2, and also the use of the school for the local 4-H show on Friday evening, March 25.

Superintendent George Weingartner reported on the School Board Association meeting he attended at Marquette on Feb. 18-19. Mrs. Beatrice Narvsky also attended the meeting.

Those attending the Board meeting at Flat Rock School Feb. 25 were Mr. and Mrs. Aht. Waak, Mr. and Mrs. Osma Aalto, Mrs. Selma Weldum, Mrs. Helen Johnson and Snupt. George Weingartner.

Rock PTA Hears Student Loan Fund Report

A report on the Student Loan Fund by Mrs. Waino Bakka at the Rock PTA meeting indicated that there is \$3,000 out in loans at the present time for college, trade school or short course education. A total of 20 loans have been made since May 1962. Some of the graduates have begun to repay their loans.

However, a drive will have to be planned for this spring because more money will be needed to renew loans for present students in higher education as well as loans for high school graduates this year.

A student can borrow a maximum of \$300 in a one year period from the Student Loan Fund. Loans are available to any Rock High School student approved by the Student Loan Board.

Some donations have been received in memory of a deceased former Rock school student. Donations are appreciated anytime. Anyone interested may contact Waino Bakka.

Mrs. Victor Mankiewicz and Mrs. Clifford Carlson are co-chairmen for the lunch to be served by the PTA during the district basketball tournaments. Chairman for Wednesday evening is Mrs. Albert Nelson; Friday, Mrs. Robert Koski; Saturday, Mrs. Ben Lippen.

Mrs. Helmi Lepisto's room won the room attendance award.

Mrs. Jeanette Vogt, Mrs. Leslie Sandefur and Mrs. Caroline Kaminen spoke on the new library, art and music programs, respectively.

Vietnamese mark their lunar New Year with the festival of Tet — a national holiday, family celebration and religious rite for the dead, all rolled into one.

WARMING UP FOR THE MOON — A Lunar Orbiter spacecraft is put through its electronic paces at the NASA Goldstone, Calif., Tracking Station. Photographs are being transmitted as electronic signals from several miles away to the echo antenna, where they are converted into light and recorded on film. Later this year, a flight version of the aircraft is scheduled to orbit the moon, taking high-resolution photographs of the surface in a search for suitable sites for future Apollo astronauts.

Ekberg Makes Moon Picture

HOLLYWOOD (AP) — Cool, self-assured and brown-haired — that's right: brown-haired — Anita Ekberg is making one of her infrequent returns to the town where she found fame, but not success.

The Swedish dazzler is here to play a Soviet astro beauty in a Jerry Lewis film, "Way ... Way Out." The title is descriptive, because the movie deals with a wacky flight to the moon. This takes me back to the first time I observed the formidable figure of Ekberg. It was in 1952, and she had just competed in the Miss Universe pageant as Miss Sweden. Along with other contestants, she was appearing as a moon maiden in a Universal romp called "Abbott and Costello go to Mars."

What happened to the other contestants is unknown. Miss Ekberg advanced to better things, including two films with Jerry Lewis and a contract with John Wayne's Batjac Productions.

"Hollywood didn't know what to do with me," she said this week as she relaxed in her skimpy astro-leotard. "They could only cast me as a femme fatale because of my accent. They didn't stop to realize that Greta Garbo and Ingrid Bergman had been able to play a variety of roles here before me."

"I wanted to play comedy, but I was never considered for it. The producers figured I was a sex type, and that was that."

Anita fled in frustration to the less monolithic film industry of Rome, and there she established herself as an actress as well as a sex type, especially in "La Dolce Vita" and "La Puccaccia 70." She returned here, two years ago for the unmemorable "Four for Texas" with Frank Sinatra and Dean Martin, but has spent the remainder of her recent years in Europe.

A few months ago Miss Ekberg dyed her hair brown in an effort to achieve some much-needed privacy. Blondes may have more fun, she conceded, but a famous blonde can find her life in public a misery.

Ensign

Surprise Party

Neighbors of Mrs. Thomas Safford surprised her Monday with a birthday celebration. The birthday cake and lunch was prepared by Mrs. Wallace Birk and Mrs. Royce Gustafson. Mrs. Bertil Gustafson and Mrs. George Holmgren were also present for the afternoon get-together.

Club Meeting

Ensigns 4-H Club will meet Monday, March 7, at 7 p. m., at the Ensign Township Hall. Club king and queen candidates will be selected for county achievement day April 2.

Lloyd Sundberg, Ensign mailman, has undergone foot surgery at St. Francis Hospital. Sundberg met with a chain saw accident while working near his home Thursday afternoon. He will be hospitalized for some time.

Birthday Party

Mary Sue Pajnich, daughter of Mr. and Mrs. Bill Pajnich, Ensign, celebrated her fifth birthday recently. Games and prizes were enjoyed by guests. Cherie LaVigne, Tim Peter-

son, Linda Lundin, Mike Gibbons, Vickie Zar, Rhonda Constantino, Sue and Sim Safford and Mary Sue's brother, John Pajnich.

Grandmothers of the guest of honor present for the birthday celebration were Mrs. Joe Pajnich, Ensign, and Mrs. Sheldon Cobb, Maywood Shores. Other guests included Mrs. Edwin Gibbons, Mrs. Herbert Lundin and Mrs. Thomas Safford.

Ice Cut Away: Caution Urged Near Shelters

Cliff Long, district fish biologist for the Michigan Dept. of Conservation at Escanaba, today warned ice fishermen to stay away from areas where Operation Bootstrap placed fish shelters in Little Bay de Noc last weekend.

Fourteen shelters were sunk to the floor of the bay by cutting large holes through the ice, making a total of 20. Long said ice has not reformed in the holes and cautioned fishermen and curiosity seekers to stay away from them. Holes are all marked by

a number of Christmas trees. Shelters were placed in 12- to 15 feet of water in scattered locations in the upper part of Little Bay de Noc. Long said the exact locations will be shown on a new map of the bay being prepared by a Conservation Dept. mapping crew.

The log-cabin type shelters, which are designed to provide cover for fish on the bottom of the bay, were weighted with rocks and trash so they would sink. They were built at the Theisen-Clemens oil terminal site at Kipling by Operation Bootstrap volunteers directed by Ed Apelgren of Gladstone.

It is hoped the fish shelters will attract more than the usual concentration of fish to specific areas in the bay, which will be marked to provide better than average fishing for area residents and tourists. Ice thickness in areas where shelters were cut into the bay measured between 14 and 18 inches.

Rapid River

Class Play

Rapid River High School's Junior Class has selected, "Our Town", for its class play. Play director is teacher, Mrs. Joanne Gillis.

Mrs. Walter Peters' first graders at Bay De Noc Elementary School took a shopping trip Monday and purchased oatmeal and brown sugar. Tuesday morning, the first graders busily prepared the oatmeal which they ate topped off with brown sugar. The children have been studying nourishing breakfasts.

Bird Feeders

Mr. and Mrs. Charles Bowen of the Whitefish Hill location have been feeding several birds this winter. Popular feeders at their station are a flock of evening grosbeaks. This large framed bird is bright yellow

with black wings. When anyone arrives at the Bowen home the birds take refuge in a nearby jackpine decorating the tree in Christmas like fashion.

Morpheus was the god of dreams in Greek mythology. Utah's Pioneer Day (July 24) commemorates the date Brigham Young and his Mormon followers arrived at Great Salt Lake valley in 1847.

Forest Gift

LANSING (AP)—Michigan received an \$80,000 gift of 150 acres of new state forest land along Lake Huron in Presque Isle County Wednesday in ceremonies in Gov. George Romney's office. Romney accepted the land from Jesse H. Besser of Alpena. It will become part of the Black Lake State Forest and will be named the Besser National Area.

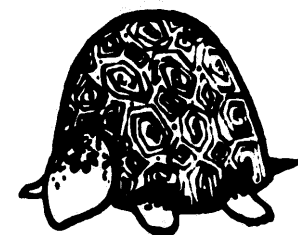

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year... more than for all television spot announcements or radio advertising.

GET OFF TO A GOOD START:

Slow and easy does it! On packed snow or ice, start in second gear with manual shift, in "drive" with automatic. Start gently and gradually.

In deep snow, turn your wheels a few times to clear a space. Then straighten them and start gently. Gunning the motor spins the

wheels and turns snow to ice. If the car won't move, follow your car manual for rocking procedure.

JACK RABBIT STARTS CAUSE WHEELS TO SPIN!

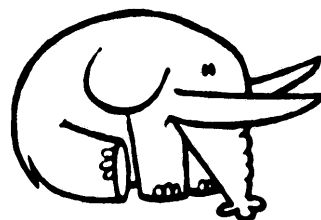

GET THE FEEL OF THE ROAD:

Start out slowly and smoothly. As soon as traffic permits, try your steering wheel, gas and brakes to get the feel of the road.

PACK YOUR TRUNK FOR EMERGENCIES:

A shovel, bag of sand or ashes, tire chains, traction plates, windshield scrapers could save a tow truck bill.

MAKE SURE WINDOWS ARE CLEAR

KEEP A BIGGER CUSHION OF SAFETY

Stopping takes longer on winter roads. And, you may not spot a hazard as quickly when visibility is poor. You need more stopping room between cars.

POP ART WITH PUNCH—Ontario's Department of Transport, in Canada, resorted to easily remembered offbeat illustrations to get over their winter driving safety hints. Here are some contained in a pamphlet distributed to the public this year.

Trenary

Mr. and Mrs. Carl Aho recently visited Mr. and Mrs. Jack Finlan in Grafton, Wis. Lenten Services will be held at the Methodist Church Thursday, March 3 at 8 p. m. and each Thursday during Lent.

Mr. and Mrs. Elmer Raab recently spent several days with Mr. and Mrs. Robert Fleishmann.

Birth

Mr. and Mrs. Charles Trowbridge are the parents of a son, Craig Raymond, born February 28, at St. Luke's Hospital, Marquette. Mrs. Trowbridge is the former Penny Flynn.

Mr. and Mrs. Andrew Hytinen were honored at a party held Feb. 13 to celebrate their silver anniversary. One hundred and twenty-five guests attended the party held at the town hall. Mrs. Hytinen is the former Elsie Maki.

The Chatham Telephone Company will sponsor the radio broadcasts of all Trenary and Eben tournament basketball games.

Charles Foreman, Marquette, a representative of the Boy

In Service

James L. Franklin, son of Mr. and Mrs. Dewey Franklin of Rte. 1, Rapid River, has been promoted to staff sergeant in the U. S. Air Force. Franklin, a jet engine mechanic at Kadena AB, Okinawa, is a member of the Strategic Air Command. He is a graduate of Rock High School. His wife, Patricia, is the daughter of Mr. and Mrs. Andrew Yalch of Honor, Mich.

Take Road Bids

LANSING (AP)—The Highway Department will take bids in Lansing March 9 on 29 highway projects with a total cost estimated at \$15.2 million. Largest item is a \$5.5 million contract for improvement of I 94 in East Detroit, Roseville and St. Clair Shores in Wayne and St. Clair counties.

Scouts of America, will meet with boys, age 11 and over, and their fathers, at the town hall next Monday at 7:30 p. m.

Briefly Told

The Gladstone Community 4-H Club will hold their regular meeting at the City Hall Friday at 6:30 p. m. due to the Gladstone-Holy Name basketball game Thursday.

Larceny of a quantity of whisky, wine and beer from the home of Gust McFadden, Rte. 1, Gladstone, was reported to State Police Wednesday. McFadden told officers two bottles of whisky, one full and one partly empty, a quart of wine and a bottle of beer were taken. Entry to the home apparently was gained through the back door of the garage, troopers said.

State Police ticketed John A. Beaver, Rte. 1, Ensign, no operator's license; Nancy L. Smith, Rte. 1, Escanaba, no valid registration plates; George Johnson, 412 Montana Ave., speeding.

The U. S. Weather Bureau has 13,000 persons who serve as "cooperative weather observers."

AT ENSIGN

Reds Shoot Up Tanker; Fail To Block Shipping

SAIGON, South Viet Nam (AP) — Using ambush tactics on water and land, the Viet Cong shot up a small oil tanker near Saigon today and killed at least 11 Vietnamese policemen in the 17th Parallel demilitarized zone.

In a vacant lot on Saigon's outskirts, authorities found the bodies of three young government employees executed by the Viet Cong. Their hands were tied behind their backs and they had been shot.

A terrorist hurled a grenade into a bar near the Saigon waterfront tonight and wounded three Vietnamese bar girls. The terrorist fled. The bar is frequently patronized by U.S. servicemen.

U.S. officials reported that air operations against North Viet Nam and in the South cost three American planes in the past three days. An A4 Skyhawk and an F4 Phantom jet, both from the 7th Fleet carrier Ranger, disappeared in heavy overcast over the North on Tuesday and their three crewmen were listed as missing.

A light spotter plane crashed in the South Wednesday 40 miles northwest of Qui Nhon on a reconnaissance flight for the 1st Cavalry, Airmobile Division. Two Americans aboard were killed.

Little Ground Action
On the ground, U.S. forces combed the jungles and rice paddies for the Communists but stirred up little action. The 101st Airborne Division's 1st Brigade killed six Viet Cong in operations around Tuy Hoa, a coastal town 240 miles northeast of Saigon. The paratroopers came upon two Viet Cong dispensaries, a loudspeaker system and a bird, which they proudly identified as the first enemy carrier pigeon captured in the war.

A reinforced South Vietnamese battalion, including rangers, brushed with the Viet Cong seven miles northeast of Quang Ngai, a provincial capital near the coast 340 miles northeast of Saigon. By nightfall, 22 Communists were reported killed against light government losses.

Other Reds were said to have inflicted moderate casualties on a Vietnamese regional force platoon 10 miles southeast of Quang Tri City, in the northernmost province.

Communist gunners hidden in mangrove swamps on the west bank of a ship channel 15 miles southeast of Saigon raked the self-propelled oil barge Paloma with a barrage from recoilless rifles and 50-caliber machine guns in the second unsuccessful attempt in five days to block the inland capital's main link to the sea.

Ten crewmen were reported wounded. At least one Vietnamese sailor was said to have been hit in a brisk gunfight between the guerrillas and government minesweepers. Government troops went into the area to hunt down the attackers.

The Paloma, a 65-foot, 100-ton barge under charter to the Shell Oil Co., burst into flame amidships a short way from Nha Be, South Viet Nam's main fuel dump a few miles down the river from Saigon.

Ambush Viet Police
Other vessels seeking to aid the stricken tanker also came under fire. An unconfirmed report said a second tanker was attacked.

A U.S. Navy LST turned about and came upriver with its fire hoses spewing and its 40mm guns blazing. American officers at the scene credited the LST with saving the oil barge from destruction.

Within three hours, the raging fire in the ship's center hold was nearly out and it was being towed to the docks at Nha Be.

More than 400 miles to the northeast, the Communists staged two ambushes against Vietnamese police units in the demilitarized zone created by the 1954 Geneva agreements to divide North and South Viet Nam.

A government spokesman said the Communists laid the first ambush against a squad on a river boundary near the village of An Zu, 14 miles from the sea. They struck again when another squad headed for the scene.

In addition to the 11 dead, two policemen were wounded and an undisclosed number missing, the spokesman said.

Questionnaire To Go To 135,000
WASHINGTON — For the second straight year Congressmen Raymond F. Cleveland (D-Sault Ste. Marie) is asking voters for their opinions on major issues. He is mailing a 10-question questionnaire to all postal patrons in the 22-county 11th Congressional District.

The questions include Vietnam, admission of Red China to the United Nations, the need for improved housing in Upper Michigan, expansion of Coast Guard facilities and others.

The questionnaire will go to 135,000 homes.

A GIFT OF \$100 from the Escanaba Typographical Union to the John F. Kennedy School for retarded children was accepted with appreciation by Jack Savard, school representative, on Wednesday. Making the presentation (from left) are Roy Goldberg, Union president, and Cliff Beaudin, Union vice president, to Savard. (Daily Press Photo)

Cold War GI Bill Is Signed

WASHINGTON (AP) — President Johnson signed into law today the "cold war GI bill," but remarked that its cost goes further than he was willing to recommend.

Johnson signed the measure in a ceremony in the White House East Room in which he noted that both houses of Congress passed it unanimously.

"I am going to resolve the doubt in favor of Congress," he said. "It just could be that the President was wrong."

The measure sets up a permanent program of educational benefits, housing loans and limited medical treatment for honorably discharged veterans with more than 180 days of active military service since Jan. 31, 1955, when the Korean GI bill of rights expired.

Johnson said the cost of the bill will be \$245 million more than he had recommended for the first year and \$1.8 billion more over the next five years.

The measure is estimated to cost \$350 million the first year and \$500 million annually by the fifth year.

Johnson wanted benefits limited to veterans of combat areas. This would cost about \$150 million a year.

An individual can receive \$100 a month in education payments for each month's service—with a 36-month limit. If he has a wife, he can get \$125 a month, two or more dependents \$150 monthly.

Education benefits begin June 1, but other parts of the program are effective at once.

Education payments can be used for high school, as well as college classes, for correspondence courses and by persons on active duty if their military assignments permit.

There is no provision for retroactive payments for veterans who have completed college, but the payments may be used for graduate work.

Veterans attending school part-time will receive scaled-down payments.

Veterans must complete their training within eight years after discharge. For those covered retroactively to 1955, the eight years start June 1.

The bill also guarantees up to \$7,500 on home loans made by a private lender. Direct housing loans of up to \$17,500 are provided in remote areas where private financing cannot be obtained.

State Licensing Of Hearing Aid Dealers Discussed
A discussion group participated in a lively exchange of ideas on hearing handicaps last night when the Better Hearing and Speech Society met at the Chamber of Commerce Building.

A proposal in the legislature in Lansing to license and control hearing aid dealers in Michigan was described and was of great interest to the group. This bill would have a strong impact on hearing aid dealers in the Upper Peninsula and the hearing aid wearers would be directly affected.

Further examination of this bill is planned by the Better Hearing and Speech Society. Miss Leona Dougherty, speech pathologist and staff member of Bay de Noc Community College, reported that she has made a follow-up check on two students who attended the speech clinic last summer at the college. She plans to see other children of this group as time permits. The Better Hearing and Speech Society provided scholarships to eight children in this clinic.

Parents of deaf children brought out problems involving the education and future of their youngsters.

It was felt that this meeting stimulated the group to more effort in bettering the conditions of the hearing handicapped in the area.

Archie J. Forest Of Rapid River Taken By Death

Archie J. Forest, 81, retired Rapid River barber, died at 10:15 a. m. Wednesday at the home of his grand daughter, Mrs. Harvey Deneau, Rapid River.

Mr. Forest had been seriously ill for the past two months. He was born August 27, 1885, in Daggett and operated the barber shop in Rapid River for many years before his retirement in 1955. His marriage to the former Linda Boyer took place in Rapid River on Dec. 30, 1907.

He was a member of St. Charles Church, Rapid River. Survivors include his widow; one son, Stanley of Detroit; three grand daughters; six great-grand children and one sister, Mrs. Clara Ladrow of Green Bay, Wis.

Friends may call at the Skradski Funeral Home in Gladstone after 3 p. m. Friday. Parish prayers will be recited at 7 p. m. Friday. Funeral services are scheduled at 9 a. m. Saturday at St. Charles Church, Rapid River, with Fr. John V. Suhr officiating. Burial will be in Rapid River Cemetery.

Drinks 8 Pints; Girl Expelled

CAMBRIDGE, England (AP) — You drink a pint of beer in each of King Street's eight pubs to qualify for the King Street Run Club.

Barbara Marshall, 19, did it — and was expelled from her college.

The club is a tradition among Cambridge University students. Barbara says she is the first girl member. It took her 75 minutes to qualify.

"Now I wish I hadn't done it," she said.

"I wasn't drunk and I haven't done anything to bring the college into disrepute. But now my whole career is ruined."

Barbara was training at the MacKenzie College of Speech and Drama to be a teacher.

"One has to take a stand against this sort of thing," said the principal of the college, Miss Emilie Lewis.

Big Mac Breaks February Record

ST. IGNACE, Mackinac Bridge traffic and revenues continued their upward spiral last month establishing new records for any February since the bridge opened in November of 1957. Traffic was up 24.9% from the 24,175 vehicles of February 1965 to 30,200 last month. Comparable revenues were up 24.5% from \$122,812 to \$152,614.

The heavy bridge travel was attributed to a comparatively mild winter and healthy economic conditions.

Tulip and daffodil bulbs should be planted before the ground is frozen.

Cancer Victims Hope Together

BUFFALO, N.Y. (AP) — Two cancer patients, who never met each other before Wednesday night, now find their relationship a matter of life and death.

Both are afflicted with a rare type of bone cancer and have been told that only a successful transplant operation can save their lives.

Accompanied by their wives, the men arrived Wednesday at Roswell Park Memorial Institute to await the experimental operation, tentatively scheduled for Friday.

Robert F. Allen, 28, a Tucson, Ariz., businessman and a father of three, was told he will die in two to six months unless the operation is successful. He already has lost his left leg to cancer.

Allen, who played football for the University of Illinois, said, "I'm 100 per cent certain the operation will be a success."

Allen joined Harry T. Griffith, 63, of Flourtown, Pa., who arrived earlier Wednesday.

To undergo the operation, both had to have the same type of blood—O positive—and the same type cancer—osteogenic sarcoma.

If tests at the institute today confirm that the patients are medically compatible, they will undergo an operation in which a portion of tumor from each will be transplanted in the other.

Doctors say that, hopefully, resistance will develop in each patient against the other's cancer in 10 to 12 days. White cells containing the resistance factors will then be exchanged in the patients at intervals.

McNamara said flatly that the U.S. 7th Army deployed in Germany for the defense of the North Atlantic Treaty Alliance will not be weakened as the result of the U.S. effort in Southeast Asia.

Should Know
"The first people that ought to know that are the Germans," McNamara said.

One Pentagon source said the defense secretary had been under pressure from the Germans, apparently seeking assurances that NATO defenses will not be weakened in the light of the heavy and growing U.S. commitment in the Viet Nam war.

The reason for McNamara's news conference in itself was unusual. Just last week he had made a 220-page presentation to congressional committees spelling out in great detail what has been done to maintain U.S. armed strength as second to none.

However, he was stung by a number of newspaper articles, some appearing before his formal presentation to Congress, suggesting that U.S. armed power was being spread thin and that dangerous shortages of supplies and equipment had developed.

Willow Run Seeks Government Funds Despite Blocking

WILLOW RUN (AP) — A Willow Run group plans to seek another federal grant despite the furor touched off by the first one last year.

The Willow Run Association for Neighborhood Development (WRAND) decided Wednesday to ask more aid from the Office of Economic Opportunity.

An earlier \$188,252 OEO grant led to protests from area residents. They claimed the action branded their neighborhoods inaccurately as poverty-stricken areas.

Twenty-three home owners walked out of the WRAND meeting in protest over the decision to seek more aid.

They were led by Gordon H. Mattison, a WRAND opponent whose "Paul Revere's Ride" last May attracted nationwide attention.

Prince Albert, son of Monaco's Prince Rainier, has the title of Marquis de Les Baux.

Jolted Again:

Family Food Bill At 3-Year High

NEW YORK (AP) — The family food bill received another jolt this week.

Beef prices touched the highest mark in three years. The prices of butter and eggs rose, and it looks as if milk will follow next month.

The increases came as the U.S. Department of Labor reported January food prices were 4.5 per cent higher than in January 1965.

Prime and choice cattle were expected to remain in short supply in the weeks ahead.

Butter prices, up 2 cents a pound last week on the West Coast, rose another 3 to 4 cents this week. They are up to 1 to 3 cents in Chicago and 4 cents in the New York area.

Egg prices jumped 2 to 4 cents a dozen in the New York area this week and 1 to 2 cents in West Coast markets.

Small turkeys are featured in many areas. Supplies are big. Lamb is beginning to move to market and may be on special next week.

Potato supplies are much above last year, and prices are down.

Daily Worker Is Morning Star
LONDON (AP) — The Daily Worker, the British Communist party's newspaper, is changing its name to the Morning Star in an effort to attract more readers.

The size of the paper also will be increased from four pages. One reader complained that he had just taught his parrot to say the name of the paper.

Nationally, American Motors retail sales in the latest month surpassed those of January and also topped February, 1965.

February deliveries rose to 24,475, a 36% gain over January sales, according to Thomas A. Coupe, vice president of automotive sales. February sales this year were more than 15% over the 21,149 in the same month a year ago.

Modern standard railroad passenger cars are 85 feet long.

AMC Sales In February Pass January 42 pct.

MILWAUKEE — February retail sales of American Motors cars were up 42% over the same month a year ago in the Milwaukee zone, T. J. Osuch, zone manager, reports. The zone includes Wisconsin and Michigan's Upper Peninsula.

Dealers in the zone sold 956 autos during February, compared with 669 in the 1965 period. The sales last month were the biggest in any February since 1963.

Nationally, American Motors retail sales in the latest month surpassed those of January and also topped February, 1965.

February deliveries rose to 24,475, a 36% gain over January sales, according to Thomas A. Coupe, vice president of automotive sales. February sales this year were more than 15% over the 21,149 in the same month a year ago.

Reds Shoot Up Tanker; Fail To Block Shipping

SAIGON, South Viet Nam (AP) — Using ambush tactics on water and land, the Viet Cong shot up a small oil tanker near Saigon today and killed at least 11 Vietnamese policemen in the 17th Parallel demilitarized zone.

In a vacant lot on Saigon's outskirts, authorities found the bodies of three young government employees executed by the Viet Cong. Their hands were tied behind their backs and they had been shot.

A terrorist hurled a grenade into a bar near the Saigon waterfront tonight and wounded three Vietnamese bar girls. The terrorist fled. The bar is frequently patronized by U.S. servicemen.

U.S. officials reported that an operations against North Viet Nam and in the South cost three American planes in the past three days. An A4 Skyhawk and an F4 Phantom jet, both from the 7th Fleet carrier Ranger, disappeared in heavy overcast over the North on Tuesday and their three crewmen were listed as missing.

A light spotter plane crashed in the South Wednesday 40 miles northwest of Qui Nhon on a reconnaissance flight for the 1st Cavalry, Airmobile, Division. Two Americans aboard were killed.

Little Ground Action

On the ground, U.S. forces combed the jungles and rice paddies for the Communists but stirred up little action. The 101st Airborne Division's 1st Brigade killed six Viet Cong in operations around Tuy Hoa, a coastal town 240 miles northeast of Saigon. The paratroopers came upon two Viet Cong dispensaries, a loudspeaker system and a bird, which they proudly identified as the first enemy carrier pigeon captured in the war.

A reinforced South Vietnamese battalion, including rangers, brushed with the Viet Cong seven miles northeast of Quang Ngai, a provincial capital near the coast 340 miles northeast of Saigon. By nightfall, 22 Communists were reported killed against light government losses.

Other Reds were said to have inflicted moderate casualties on a Vietnamese regional force platoon 10 miles southeast of Quang Tri City, in the northernmost province.

Communist guerrillas hidden in mangrove swamps on the west bank of a ship channel 15 miles southeast of Saigon raked the self-propelled oil barge Paloma with a barrage from recoilless rifles and 50-caliber machine guns in the second unsuccessful attempt in five days to block the inland capital's main link to the sea.

Ten crewmen were reported wounded. At least one Vietnamese sailor was said to have been hit in a brisk firefight between the guerrillas and government minesweepers. Government troops went into the area to hunt down the attackers.

The Paloma, a 65-foot, 100-ton barge under charter to the Shell Oil Co., burst into flame amidships a short way from Nha Be, South Viet Nam's main fuel dump a few miles down the river from Saigon.

Ambush Viet Police

Other vessels seeking to aid the stricken tanker also came under fire. An unconfirmed report said a second tanker was attacked.

A U.S. Navy LST turned about and came upriver with its fire hoses spewing and its 40mm guns blazing. American officers at the scene credited the LST with saving the oil barge from destruction.

Within three hours, the raging fire in the ship's center hold was nearly out and it was being towed to the docks at Nha Be.

More than 400 miles to the northeast, the Communists staged two ambushes against Vietnamese police units in the demilitarized zone created by the 1954 Geneva agreements to divide North and South Viet Nam.

A government spokesman said the Communists laid the first ambush against a squad on a river boundary near the village of An Zu, 14 miles from the sea. They struck again when another squad headed for the scene.

In addition to the 11 dead, two policemen were wounded and an undisclosed number missing, the spokesman said.

Questionnaire To Go To 135,000

WASHINGTON — For the second straight year Congressmen Raymond F. Cleveland (D-Sault Ste. Marie) is asking voters for their opinions on major issues. He is mailing a 10-question questionnaire to all postal patrons in the 22-county 11th Congressional District.

The questions include Vietnam, admission of Red China to the United Nations, the need for improved housing in Upper Michigan, expansion of Coast Guard facilities and others.

The questionnaire will go to 135,000 homes.

A GIFT OF \$100 from the Escanaba Typographical Union to the John F. Kennedy School for retarded children was accepted with appreciation by Jack Savard, school representative, on Wednesday. Making the presentation (from left) are Roy Goldberg, Union president, and Cliff Beaudin, Union vice president, to Savard. (Daily Press Photo)

Cold War GI Bill Is Signed

WASHINGTON (AP) — President Johnson signed into law today the "cold war GI bill," but remarked that it cost more than he was willing to recommend.

Johnson signed the measure in a ceremony in the White House East Room in which he noted that both houses of Congress passed it unanimously.

"I am going to resolve the doubt in favor of Congress," he said. "It just could be that the President was wrong."

The measure sets up a permanent program of educational benefits, housing loans and limited medical treatment for honorably discharged veterans with more than 180 days of active military service since Jan. 31, 1955, when the Korean GI bill of rights expired.

Johnson said the cost of the bill will be \$245 million more than he had recommended for the first year and \$1.8 billion more over the next five years.

The measure is estimated to cost \$350 million the first year and \$500 million annually by the fifth year.

Johnson wanted benefits limited to veterans of combat areas. This would cost about \$150 million a year.

An individual can receive \$100 a month in education payments for each month's service—with a 36-month limit. If he has a wife, he can get \$125 a month, two or more dependents \$150 monthly.

Education benefits begin June 1, but other parts of the program are effective at once.

Education payments can be used for high school, as well as college classes, for correspondence courses and by persons on active duty if their military assignments permit.

There is no provision for retroactive payments for veterans who have completed college, but the payments may be used for graduate work.

Veterans attending school part-time will receive scaled-down payments.

Veterans must complete their training within eight years after discharge. For those covered retroactively to 1955, the eight years start June 1.

The bill also guarantees up to \$7,500 on home loans made by a private lender. Direct housing loans of up to \$17,500 are provided in remote areas where private financing cannot be obtained.

A proposal in the legislature in Lansing to license and control hearing aid dealers in Michigan was described and was of great interest to the group. This bill would have a strong impact on hearing aid dealers in the Upper Peninsula and the hearing aid wearers would be directly affected.

Further examination of this bill is planned by the Better Hearing and Speech Society. Miss Leona Dougherty, speech pathologist and staff member of Bay de Noc Community College, reported that she has made a follow-up check on two students who attended the speech clinic last summer at the college. She plans to see other children of this group as time permits. The Better Hearing and Speech Society provided scholarships to eight children in this clinic.

Parents of deaf children brought out problems involving the education and future of their youngsters.

It was felt that this meeting stimulated the group to more effort in bettering the conditions of the hearing handicapped in the area.

Archie J. Forest Of Rapid River Taken By Death

Archie J. Forest, 81, retired Rapid River barber, died at 10:15 a. m. Wednesday at the home of his grand daughter, Mrs. Harvey Deneau, Rapid River.

Mr. Forest had been seriously ill for the past two months. He was born August 27, 1885, in Daggett and operated the barber shop in Rapid River for many years before his retirement in 1955. His marriage to the former Linda Boyer took place in Rapid River on Dec. 30, 1907.

He was a member of St. Charles Church, Rapid River. Survivors include his widow, one son, Stanley of Detroit; three grand daughters; six great-grand children and one sister, Mrs. Clara Ladrow of Green Bay, Wis.

Friends may call at the Skradski Funeral Home in Gladstone after 3 p. m. Friday. Parish prayers will be recited at 7 p. m. Friday. Funeral services are scheduled at 9 a. m. Saturday at St. Charles Church, Rapid River, with Fr. John V. Suhr officiating. Burial will be in Rapid River Cemetery.

Drinks 8 Pints; Girl Expelled

CAMBRIDGE, England (AP) — You drink a pint of beer in each of King Street's eight pubs to qualify for the King Street Run Club.

Barbara Marshall, 19, did it — and was expelled from her college.

The club is a tradition among Cambridge University students. Barbara says she is the first girl member. It took her 75 minutes to qualify.

"Now I wish I hadn't done it," she said.

"I wasn't drunk and I haven't done anything to bring the college into disrepute. But now my whole career is ruined."

Barbara was training at the MacKenzie College of Speech and Drama to be a teacher.

"One has to take a stand against this sort of thing," said the principal of the college, Miss Emilie Lewis.

Cancer Victims Hope Together

BUFFALO, N.Y. (AP) — Two cancer patients, who never met each other before Wednesday night, now find their relationship a matter of life and death.

Both are afflicted with a rare type of bone cancer and have been told that only a successful transplant operation can save their lives.

Accompanied by their wives, the men arrived Wednesday at Roswell Park Memorial Institute to await the experimental operation, tentatively scheduled for Friday.

Robert F. Allen, 28, a Tucson, Ariz., businessman and a father of three, was told he will die in two to six months unless the operation is successful. He already has lost his left leg to cancer.

Allen, who played football for the University of Illinois said, "I'm 100 per cent certain the operation will be a success."

Allen joined Harry T. Griffith, 63, of Flourentown, Pa., who arrived earlier Wednesday.

To undergo the operation, both had to have the same type of blood—O positive—and the same type cancer—osteogenic sarcoma.

If tests at the institute today confirm that the patients are medically compatible, they will undergo an operation in which a portion of tumor from each will be transplanted in the other.

Doctors say that, hopefully, resistance will develop in each patient against the other's cancer in 10 to 12 days. White cells containing the resistance factors will then be exchanged in the patients at intervals.

Need To Devise New Methods, Says Secretary

(Continued from Page 1)

in Western Europe when we haven't."

McNamara said flatly that the U.S. 7th Army deployed in Germany for the defense of the North Atlantic Treaty Alliance will not be weakened as the result of the U.S. effort in South-east Asia.

Should Know

"The first people that ought to know that are the Germans," McNamara said.

One Pentagon source said the defense secretary had been under pressure from the Germans, apparently seeking assurances that NATO defenses will not be weakened in the light of the heavy and growing U.S. commitment in the Viet Nam war.

The reason for McNamara's news conference in itself was unusual. Just last week he had made a 220-page presentation to congressional committees spelling out in great detail what has been done to maintain U.S. armed strength as second to none.

However, he was stung by a number of newspaper articles, some appearing before his formal presentation to Congress, suggesting that U.S. armed power was being spread thin and that dangerous shortages of supplies and equipment had developed.

Big Mac Breaks February Record

ST. IGNACE, Mich.—Macdonald's Bridge traffic and revenues continued their upward spiral last month establishing new records for any February since the bridge opened in November of 1957. Traffic was up 24.9% from the 24,175 vehicles of February, 1965 to 30,200 last month. Comparable revenues were up 24.5% from \$122,812 to \$152,614.

The heavy bridge travel was attributed to a comparatively mild winter and healthy economic conditions.

Tulip and daffodil bulbs should be planted before the ground is frozen.

Willow Run Seeks Government Funds Despite Blocking

WILLOW RUN (AP) — A Willow Run group plans to seek another federal grant despite the furor touched off by the first one last year.

The Willow Run Association for Neighborhood Development (WRAND) decided Wednesday to ask more aid from the Office of Economic Opportunity.

An earlier \$188,252 OEO grant led to protests from area residents. They claimed the action branded their neighborhoods inaccurately as poverty-stricken areas.

Twenty-three home owners walked out of the WRAND meeting in protest over the decision to seek more aid.

They were led by Gordon H. Mattson, a WRAND opponent whose "Paul Revere's Ride" last May attracted nationwide attention.

Prince Albert, son of Monaco's Prince Rainier, has the title of Marquis de Les Baux.

Jolted Again:

Family Food Bill At 3-Year High

NEW YORK (AP) — The family food bill received another jolt this week.

Beef prices touched the highest mark in three years. The prices of butter and eggs rose, and it looks as if milk will follow next month.

The increases came as the U.S. Department of Labor reported January food prices were 4.5 per cent higher than in January 1965.

Prime and choice cattle were expected to remain in short supply in the weeks ahead.

Butter prices, up 2 cents a pound last week on the West Coast, rose another 3 to 4 cents this week. They are up to 1 to 3 cents in Chicago and 4 cents in the New York area.

Egg prices jumped 2 to 4 cents a dozen in the New York area this week and 1 to 2 cents in West Coast markets.

Small turkeys are featured in many areas. Supplies are big.

Lamb is beginning to move to market and may be on special next week.

Potato supplies are much above last year, and prices are down.

Daily Worker Is Morning Star

LONDON (AP) — The Daily Worker, the British Communist party's newspaper, is changing its name to the Morning Star in an effort to attract more readers.

The size of the paper also will be increased from four pages.

One reader complained at the prospect of a change because he had just taught his parrot to say the name of the paper.

AMC Sales In February Pass January 42 pct.

MILWAUKEE — February retail sales of American Motors cars were up 42% over the same month a year ago in the Milwaukee zone, T. J. Osuch, zone manager, reports. The zone includes Wisconsin and Michigan's Upper Peninsula.

Dealers in the zone sold 956 autos during February, compared with 669 in the 1965 period. The sales last month were the biggest in any February since 1963.

Nationally, American Motors retail sales in the latest month surpassed those of January and also topped February, 1965.

February deliveries rose to 24,475, a 36% gain over January sales, according to Thomas A. Coupe, vice president of automotive sales. February sales this year were more than 15% over the 21,149 in the same month a year ago.

Modern standard railroad passenger cars are 85 feet long.

BUT IS IT ART? — What appears to be a bit of op art, above, was actually assembled by workers in a steel plant at Bala-Cynwyd, Pa. It consists of cross sections of a variety of steel tubing produced by the plant.

Hints from Heloise

By HELOISE CRUSE

Dear Folks:

Tis Monday, again. Yep. It rolls around every seven days, holidays or no holidays.

If the kids are in the house, let them enjoy the mess and all their toys! Christmas only comes once a year.

Don't let this one be a day with something that just has to be done!

Let that laundry go a few days. It's for sure as shootin' that it's not going to walk off. Enjoy your family while everybody is happy.

You won't have to do too much cooking.

After all, we have leftovers, so why not let the family snack?

The English say that the mistake Americans make is over-eating, anyway! Maybe they're right?

But, the main thing I would like to tell you is that I love you dearly for the time you've taken this year to write us. We just loved your letters.

A special blessing on you and yours today, tomorrow and all through the coming new year.

And, may God bless each of you who have done something nice for someone else this past year. Let's keep it going.

Love from the bottom of my heart.

Always,
Heloise

Dear Heloise:

What do you do with all those Christmas cards you received?

How about taking the stiffer, heavier weight ones, and cutting the pictured front into nice pieces of different shapes, and making jig-saw puzzles for small children to piece together on rainy days? Loads of fun!

Each separate puzzle can be packaged in a plastic sandwich bag, and stored away until the little guys and gals run out of something to do.

I find that this can also be done with the backs of old coloring books, magazines, post cards, catalogues, etc. Try it. The kids love it.

Mrs. William Morgan

Dear Heloise:

If you are like many of us, you save your Christmas wrapping paper from year-to-year. I've found an easy way to remove that "stuck-on" tape:

Take a warm iron and press the back side of the paper—the tape comes right off.

Mrs. R.K.A.

I tried it, and it does work. Thanks heaps for giving us this hint for salvaging all that beautiful, sometimes expensive, Christmas wrapping paper.

Heloise

Dear Heloise:

When a recipe calls for chopped or ground nuts, you can put them in a plastic bag, fasten it, then take the old rolling pin and pound them lightly.

Takes only a few seconds to grind a cupful of nuts by this method.

Mrs. Gerald Godbout

Dear Heloise:

When my silver needs cleaning, I use a dry paper towel instead of a cloth.

The paper does not scratch the silver, and when I am finished, I can just discard the paper towel.

Very convenient.

Nelle M. Rothwell

Dear Heloise:

With today's modern appliances with detachable cords, I

found myself in a maze of tangled cords.

My remedy was to wrap the cord around my fingers, and put a rubber band around the wrapped cord.

Now, they are easy to store, and do not tangle.

Mrs. Lawrence Snyder, especially household hints which she can pass on to readers as space permits. However, because of the tremendous volume of mail she receives daily, Heloise is unable to answer all individual letters. She will answer readers' questions in her column whenever possible.

I can't remember where I got this hint (maybe it was in your column!), but I think it is wonderful.

As you know, bud vases have very tiny necks, so it is practically impossible to clean out the water lines or sediment which sometimes forms inside the vase.

I had a pair of lovely crystal vases which looked cloudy, so I filled them with vinegar, let them stand for about an hour, then poured out the vinegar (saved it for another time), and washed the vases.

They are as beautifully clear as the day they were given to us.

Cut glass bowls can also be set in a container of vinegar, and will come out sparkling.

Doris Worthington

You're right on all counts, honey! You did see this hint in our column, but we felt it was worth repeating... so we just did!

Also, did you know that once that bud vase had the sediment cleaned out of it, I have learned to pour vegetable oil in it, swirl it around, pour it out, THEN fill it with water before putting in my flowers. This way you never get sediment inside. Soap suds remove the oil easily.

Heloise

Dear Heloise:

Here is a good way to prepare a little one for his first haircut:

While you are using your electric razor, let the side of it slide on his neck.

He will get used to the sound of it after a few times, and won't be frightened when it comes time for the haircut. I did this, and it worked fine.

R. G. Conrad

Dear Heloise:

If you have a vanity without drawers, and don't want to clutter the top with make-up utensils, try using a beautiful, old jewelry box for these.

It is not too conspicuous, and is large enough for these necessities that you want on hand.

Laura

Dear Heloise:

I used an old sheet to make a case (like a pillow case) to slip on my ironing board when it is folded.

The case protects the ironing board cover from dust and dirt when it is not in use.

Hattie Holmes

Dear Heloise:

To keep our turtle from climbing out of the bowl, we cut the top off an old support stocking, sewing up the part that was cut off, and put it over the top of the bowl. It fits perfectly, and can be easily removed and replaced on the bowl, when necessary.

Phyllis Beer

Flu Epidemic Hits In Mexico

TIJUANA, Mexico (AP)—Authorities say that 42 persons have died within the past 15 days of respiratory ailments brought on by the flu.

Officials said Wednesday that the flu has reached epidemic proportions and that hospitals are treating about 2,000 persons daily.

Most of the deaths were said to have been caused by pneumonia.

Two More Judges

WASHINGTON (AP)—Two new judgeships would be created for the U. S. 6th Circuit Court of Appeals under a bill passed by the House Wednesday.

The circuit includes Michigan, Kentucky, Tennessee and Ohio. The bill, approved 371-23, would create 45 new federal judgeships. It is much the same as an earlier bill passed by the Senate.

On Fed Board

WASHINGTON (AP)—President Johnson Wednesday designated J. L. Robertson as vice chairman of the Federal Reserve Board for a four-year term. Robertson, a board member since 1952, succeeds C. Candy Balderston whose term expired.

Judge Tells Man Go Fly A Kite

NEW YORK (AP)—A judge told a New York publicity man to "go fly a kite" and he meant it.

William H. Yolen, president of the International Kite Flyers Association, got a summons last fall for flying a kite with an eight-foot banner attached to it, calling for the election of John V. Lindsay for mayor.

Judge James L. Watson ruled Tuesday that Yolen can go fly a kite any time or any place.

"They passed a law against kites because kites frighten horses," Yolen said. "Well, that doesn't make any sense in the 20th century."

The mystery of color in certain diamonds has been explained by Johannesburg scientists. Research has disclosed that most diamonds contain particles of nitrogen gas and carbon; amount and arrangement of the nitrogen atoms determines a diamond's hue.

BEATLE AND BRIDE — The wedded state is the rule among Beatles now following marriage of George Harrison and model Patti Boyd. Only Paul McCartney of the British foursome remains single.

Farm Livestock Numbers Rise

LANSING (AP)—Michigan farms had \$295 million worth of livestock and poultry on hand at the start of 1966, up five per cent from the previous year, the U. S. Department of Agriculture said Wednesday.

Number of animals was down five per cent, however. By category:

Cattle—1.6 million head, down 6 per cent; milk cows, 626,000, down 7 per cent.

Hogs—582,000, down 5 per cent.

Sheep—325,000, down 4 per cent.

Poultry—chickens down 2 per cent; turkeys 107,000, down eight per cent.

Yank Arms Earn Enemy Respect

SAIGON, South Viet Nam (AP) — A North Vietnamese regular captured by the 1st Cavalry, Airmobile, Division shattered and said, "Don't like that black rifle."

He was speaking of the M16 rifle, a deadly new weapon that looks like something out of science fiction with its black plastic stock and forearm, sub-machinegun-like pistol grip and dull finish. It is just one of the light weapons with which the more than 200,000 Americans here fight the Reds.

The M16 is 243-caliber, which, perhaps fittingly, makes it what shooters in the United States call "a varmint rifle."

It has a 20-round magazine. Soldiers generally take two and to end so they can reload with the flick of a wrist. The weapon can fire 700 rounds per minute. Despite complaints, the cavalrymen generally like the M16. It is light and on full automatic it can be deadly against enemy snipers in palm trees.

Once there was talk that the little bullet "tumbled" as soon as it hit flesh. This is true at long range but at short range the slug pierces like any other bullet.

Another weapon, though less preferred, is the bulkier, heavier M14, which looks more like

the standard rifle. It also fires a 20-round clip but shoots 7.62mm ammunition, almost as big as the 30-caliber bullets used in the M1 rifle of World War II and Korea.

Grenade Launcher

Most heavy infantry in Viet Nam is armed with the M14. Paratroop units, the cavalry division and the 1st Infantry Division are equipped with the M16. Marines and the 25th Army Division mainly carry the M14.

The standard machine gun is the M60, a weapon that can be adapted for the infantry or mounted in a helicopter. It also shoots 7.62mm ammunition.

A new weapon is the M79 grenade launcher which looks like a big bore, sawed-off, single-barrel shotgun. The troops love it and it has been effective against well dug-in Viet Cong forces. Its rifled barrel fires accurately over more than 200 yards.

The M60 is now the standard issue fragmentation grenade for all U.S. and most Vietnamese army troops. It is lighter, more powerful than the old "pineapple" type grenade.

The standard mortar is the 81mm which has pinpoint accuracy up to 3,500 yards. For a time the Army abandoned the little 60mm mortar.

Side Arms

The 60s were brought back when the need became plain for a light mortar in the jungle fighting. They are now evident in Marine units and some 1st Cavalry outfits.

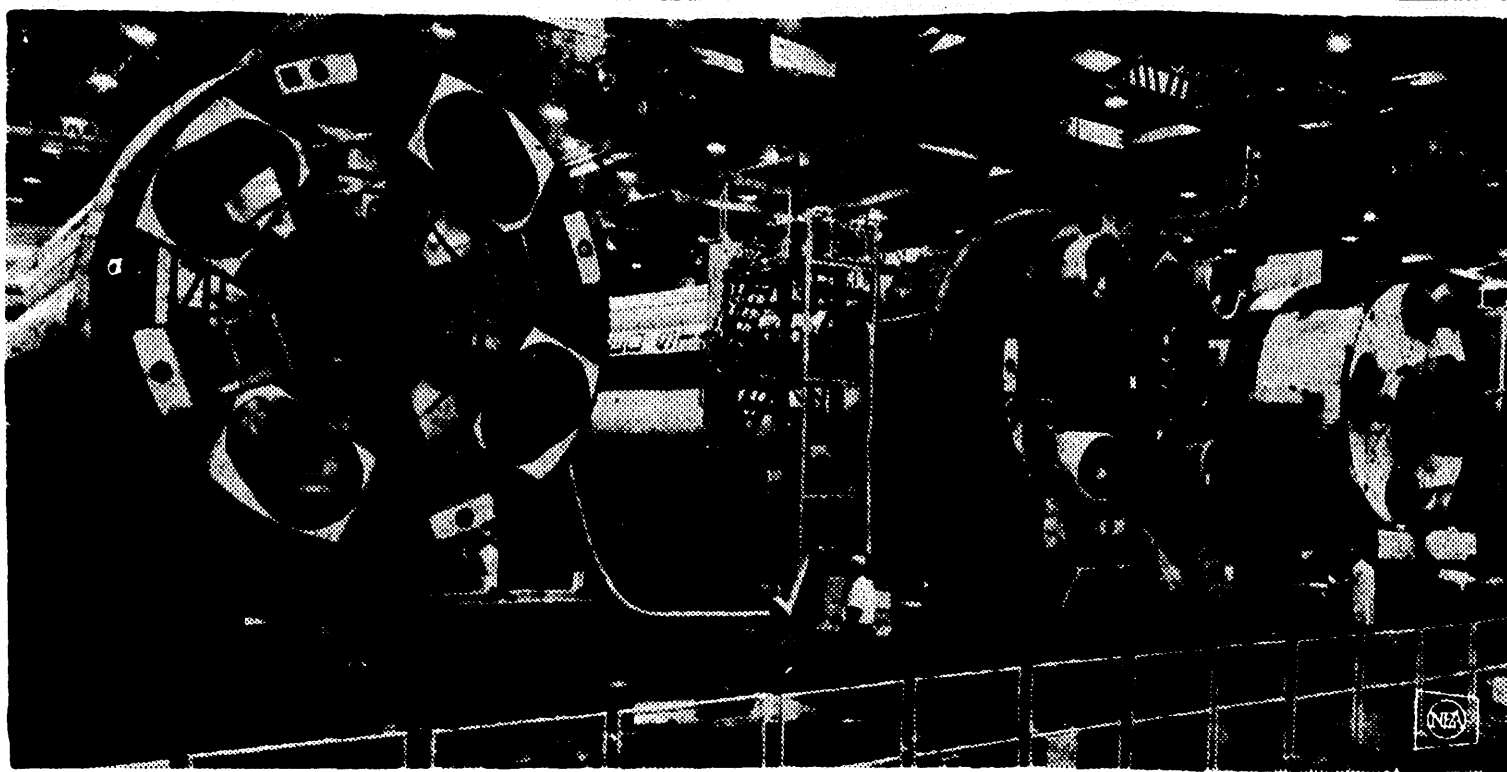

Some heavy infantry units have big 4.2-inch mortars which are actually light artillery.

The 45-caliber semi-automatic pistol remains the standard infantry sidearm for men carrying machineguns or mortar parts. Officers generally tote rifles so as not to invite sniper fire.

Almost all helicopter crews and some ground troops carry a 38-caliber special revolver, although technically, enlisted men are not supposed to carry personal weapons. Unit commanders are given leeway on this. Troopers have somehow acquired everything from tiny 25-caliber semi-automatic pistols to Thompson submachine guns.

On a patrol with a 1st Cavalry company a newsman spotted a huge, Colt 45 revolver of World War I vintage in a big black holster slung half way down the leg of a burly, six-foot-plus trooper.

"Man," he grinned, "that's my up-close Cong convincer."

ROCKETS ON THE LINE—It's not quite mass production yet, but with the quickening tempo of space exploration techniques in constructing the monster, launch vehicles are moving toward an assembly line basis. Above, three Saturn-1Bs are lined up at NASA's Michoud Assembly Facility at New Orleans with work in varying stages of completion

on the business ends of the giant rockets. From New Orleans, the Saturns are shipped by barge to the Marshall Space Flight Center at Huntsville, Ala., for static testing and then to Cape Kennedy, eventually to power payloads into space.

Oil Boom Can't Change Charlie

SULPHUR LICK, Ky. (AP) — Despite a monopoly and being surrounded by gushing money, Charles Leamon has passed up the opportunity for quick profit to do what he thinks is honest.

Charlie and his wife own the only store at Sulphur Lick. It's the only store within nine miles of an oil gusher that has brought a boom to the area.

Oilmen came from all over the country and cars lined both sides of the road for a quarter-mile around the Charles Leamon store — the only convenient place to eat.

Customers were shoulder to shoulder on a recent visit. You had to push to get into this typical country store — shoes to beans, pot-bellied stove and rough wooden bench — that normally serves about 1,000 residents of the economically depressed farming area in south central Kentucky. The nearest stores are eight miles south in Tompkinsville or 15 miles north at Glasgow.

Prices Unchanged

After the 4,000-barrel-a-day well was brought in Thanks-giving Day on the Jack Hays farm about a mile from the store, prices on oil leases went from less than \$1 an acre to as much as \$100 an acre.

But the sign in Leamon's store advertising sandwich prices remains unchanged. "Ham 25 cents, chopped pork 15 cents, bloney (sic) 10 cents, cheese 10 cents."

"Just because a man is an

oilman," Leamon said. "I didn't think it would be right to double the price on him. The way it looks to me is that it is dishonest. I was selling them for that before, so I just kept on."

Honor System

Leamon operates on the honor system.

Charlie or his wife hand out sandwiches at one spot — liter-

ally handed without plate or napkin, and the customer spreads his own mayonnaise or mustard.

The other takes up money about six feet down the counter, receiving what the customer says he owed. Soft drinks are kept in a box on the other side of the store and the crowds make it impossible for Charlie

to see who got what.

"I only caught one man trying to get out without paying," he said.

Newspaper want ads are a big sell: Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

Chatham Plans Forage Clinic

Winter forage institutes are scheduled for five Upper Peninsula locations for March 7-11.

County Extension Agent John Campana of Munising says one institute will be held from 10 a. m. to 3 p. m., March 9 in the Chatham Town Hall.

Dr. Donald Thurlow of Marquette, representing the Michigan State University Soil Science Department, will discuss soil management and fertilizer practices, with special attention to alfalfa, birdsfoot trefoil, and corn.

Leighton V. Nelson, with the MSU Crop Science Department, will review alfalfa production practices needed for five ton yields; corn cultural practices and variety selection, population, weed control, high quality silage production and crops problems.

An MSU agricultural engineer will review forage harvesting and handling systems that best fit Upper Peninsula needs. He will also discuss the investment and labor requirements involved in the various systems which relate to the handling of hay, haylage and silage.

Little will also report on forage feeding practices in the U. P. and Chatham feeding studies.

A group of local farmers will discuss local forage production and handling, with C. J. Little, U. P. Extension dairyman, as

305,915 Trout Planted In U.P. In '65 Program

The Michigan Conservation Department planted 305,915 trout in the Upper Peninsula last year, the department's fish section stated in its annual report.

Of this number, the Marquette hatchery supplied 126,765 brook trout fingerlings, 49,700 lake trout fingerlings and 43,500 splake fingerlings.

The Thompson hatchery near Manistique supplied 31,000 legal-sized brook trout, 22,756 legal brown trout and 32,200 legal rainbow trout.

Workers at the Marquette hatchery stripped 13,257,800 lake trout eggs from 4,845 females last fall, 3,145,000 of which were fertilized with brook trout sperm to produce splake. Except for the splake, most of the trout hatched from these eggs will be used in the Great Lakes restocking program.

Other activities in the Upper Peninsula during 1965 included development of ten public access sites, including parking lots and boat ramps; work on two northern pike spawning areas in Delta County; placement of 174 stream improvement structures in the Fish Dam River in Delta County and performed stream improvement maintenance work on the Slap-neck Creek in Alger County.

The panelists are Arnold Hill, Trenzary; Tom Moore, Limestone; Martin Pokela, Traunik and Bill Conine, Kiva.

Schaffer

First Friday mass, March 4 at the Sacred Heart Church will be held at 8 p. m. with confessions preceding.

Saturday evening guests of Mr. and Mrs. Henry Seymour were Mr. and Mrs. Daniel Ringuette and Miss Bernadette Ringuette of Republic.

Mrs. Harold Robbette went to the Green Bay Clinic for a checkup on Friday.

Edith Wolfgram is a medical patient at St. Francis Hospital.

A sonnet is a lyric poem of 14 lines.

What Happened the Year When HE Was Born?

Ever wonder just what happened in the year when you were born?

Nearly everyone does, at one time or another. And, depend upon it, the 1965 babies that you know—whether your own or those of friends or relatives—will one day ponder the same question.

For them, what more thoughtful gesture than to order now a copy of **THE WORLD IN 1965**. This handsome, 288-page volume captures forever in exciting news pictures and memorable prose the drama and drive of a great year in modern history.

The 1964 issue of this important series also is still available. Both were prepared for this and other newspaper members by The Associated Press, the world's foremost news service.

THE WORLD IN 1965

What does Fairmont creamed cottage cheese have to do with salads?

1. It's a flavor booster for lettuce or mixed greens.
2. It's a great combination with diced pears.
3. It's a delicious topping for pineapple rings, apple slices or peach halves.
4. It's a smooth mixer with diced raw carrots, mushrooms and green pepper.
5. It's a tasty filling for tomatoes or avocados.
6. It's the perfect filling for celery.
7. It always does a lot for salads. That's because Fairmont Creamed Cottage Cheese is so light and creamy. So smoothly blended. So right for everything from avocados to zucchini.

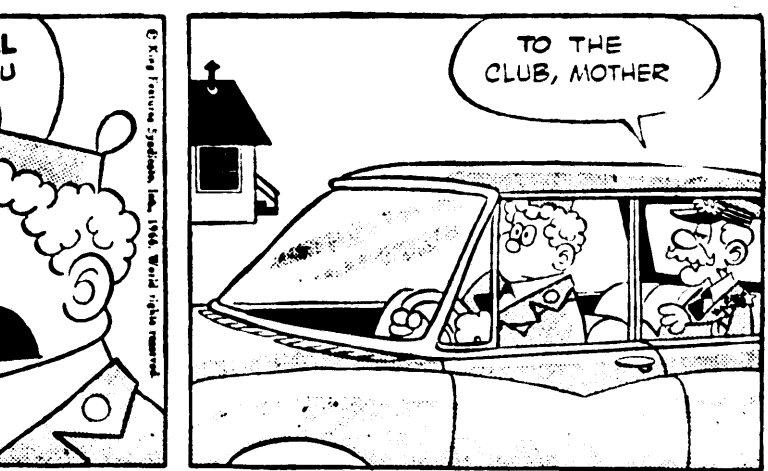

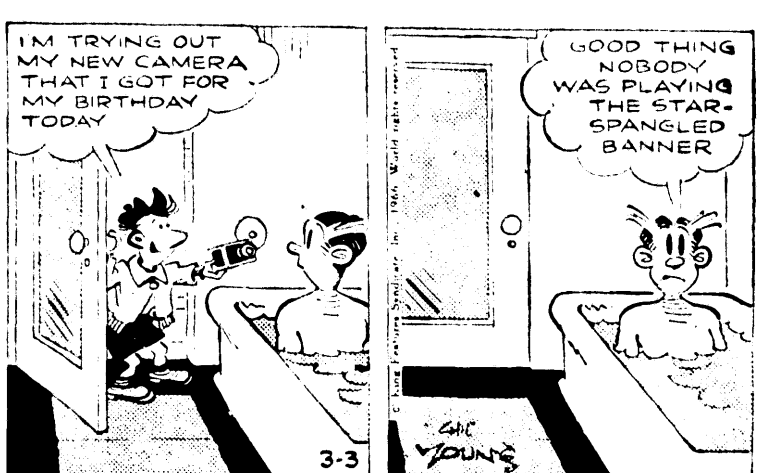

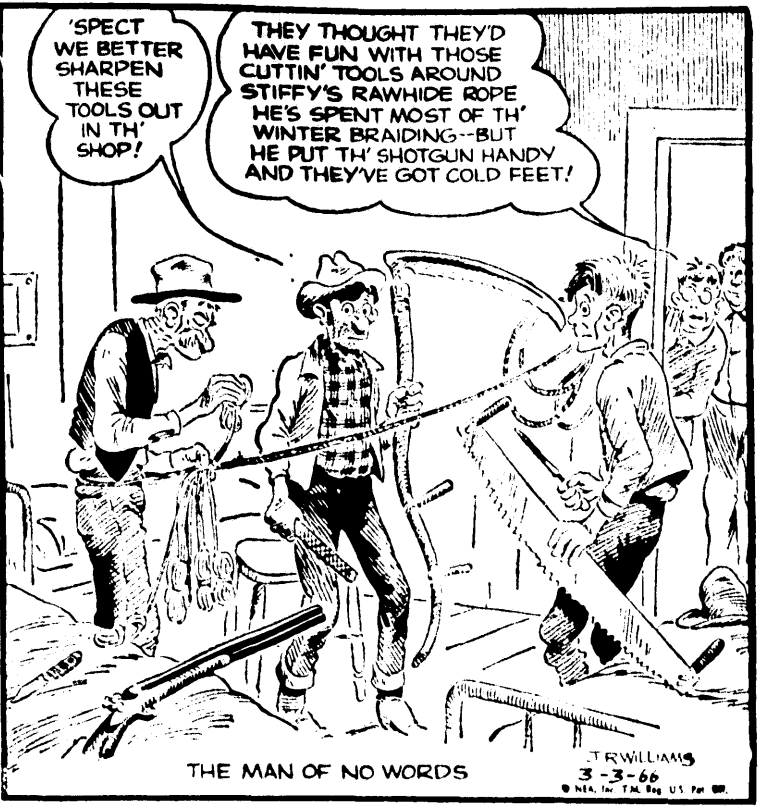

Look for Fairmont Creamed Cottage Cheese in your grocer's produce section or dairy case

Errors in advertising should be reported immediately. The Escanaba Daily Press is responsible for only one incorrect insertion.

NOTICE

Many listings in the "Male" or "Female" columns are not intended to exclude or discourage applications from persons of the other sex. Such listings may be used because some occupations are considered more attractive to persons of one sex than the other. Discrimination in employment because of sex is prohibited by the 1964 Federal Civil Rights Act with certain exceptions (and by the law of Michigan). Employment agencies and employers covered by the Act must indicate in their advertising whether or not the listed positions are available to both sexes.

Peninsula Potpourri

HOUGHTON — A trio of Michigan Tech students turned frigid Portage Lake into a swimming pool after a sauna. Howard Best, a junior from Chassell, joined brothers Doug and Bill Maki of Detroit, junior and freshman, respectively, in a dip in the 32 degree water. To get into the water, the youths had to enlarge an existing hole in the ice.

MARINETTE — A resolution authorizing development of a joint mental health clinic has been passed by the Marinette County Board. The board approved an appropriation of \$1,000 to develop the clinic, matching an amount allocated by the Menominee Board of Supervisors. The clinic will provide cooperative services with public health and other groups, rehabilitative services for patients discharged from mental hospitals, outpatient diagnostic and treatment services to schools, courts and health and welfare agencies and informational and educational services to public and professional groups.

NORWAY — Herman Gaede, 51, Rte. 1, Vulcan, is being held in the Menominee County jail in connection with the gunshot wounding of Andrew Armbrust, 65, also Rte. 1, Vulcan. Police said Armbrust was hit in the leg by a .22 caliber bullet, which Gaede allegedly fired in a volley designed to make Armbrust dance.

SAULT STE. MARIE — Tentative approval of a \$2 million loan for construction of a dormitory and other student facilities at Sault branch of Michigan Tech University was announced by the Community Facilities Division of the Dept. of Housing and Urban Development in Washington.

Houghton School Notes Approved

LANSING (AP) — The State Municipal Finance Commission has approved two multimillion-dollar bond issues for new school construction.

Cheboygan area schools won approval of issuance of \$2.6 million in bonds. Hazel Park school district was given approval for a \$2,850,000 bond issue.

Also approved was issuance of \$30,000 on tax anticipation notes by Houghton Village for operating expenses, and of \$315,000 in highway fund bonds by Southfield for street improvements.

Approve Design For Water Lab

WASHINGTON (AP) — Acceptance of the design for a Great Lakes water research laboratory at Ann Arbor, Mich., was announced Wednesday by the General Services Administration. GSA is supervising the planning and proposed construction of the \$2.4 million research facility for the new federal water pollution control administration.

State Marine War Casualty

WASHINGTON (AP) — Marine Pfc. Roger D. Bullifant, son of Mr. and Mrs. Forrest L. Bullifant Jr. of Belleville, Mich., has been killed in action in Viet Nam, the Defense Department reported Wednesday.

SUITS UP — Astronaut David Scott tries on the extra-vehicular space suit he'll wear for his scheduled space walk on the Gemini-8 three-day orbital flight set for March.

Utility, Labor Agree On Pact

JACKSON (AP) — Agreement on a new, three-year labor contract covering some 5,000 workers was announced Wednesday by Consumers Power Co. and the Utility Workers Union of America.

Consumers said the pact, which still must be ratified by the union membership, provided wage hikes averaging about 12.5 cents an hour this year and 11.5 cents an hour in 1967 and in 1968. It said the contract also contained a number of improved fringe benefits.

A previous two-year contract expired at midnight Monday but was extended to permit final negotiations on the new pact which expires March 31, 1969.

February Is Second Best For Car Firms

DETROIT (AP) — United States auto firms built 766,609 cars last month despite the handicaps of a Chrysler stamping plant strike and a shutdown of American Motors car building facilities on Feb. 21.

The count was the second highest February total on record, topped only by the 771,162 cars built in February 1965.

Oddly enough, Chrysler and AMC, which had the roughest going last month, were the only firms to top their pace of last February.

Rep. Morrison Seeks Reelection

SAULT STE. MARIE (AP) — Rep. Clayton Morrison, R-Pickford, Tuesday announced his candidacy for re-election to an eighth term. Morrison represents the 106th District which includes the southern part of Chippewa County and Mackinac County in the Upper Peninsula and Antrim, Charlevoix, Emmet, and Otsego counties and part of Kalkaska County in the Lower Peninsula.

City Rifle Range

OKLAHOMA CITY, Okla. (AP) — City Manager Robert Tinstman has under consideration today a suggestion by Mayor George Shirk that a city-operated shooting range be established.

Shirk, concerned about many bullet-punctured road signs, observed that public dragstrips had reduced car racing on city streets and reasoned that a shooting range might reduce the use of road signs as targets.
